ORGANIZATION

OF THE

CITY GOVERNMENT, JANUARY 3, 1916

The meeting was called to order in the opera house at 8 o'clock in the evening.

The oath of office was administered by City Clerk Goss to Mayor-elect Alexander A. Beaton and Councilmen-elect John O. Poor of Ward One, Samuel Jannelle of Ward Two, and Joseph M. Lorden of Ward Three.

Prayer was offered by Rev. Irving C. Brown.

Mayor Beaton gave the following address:

Mayor Beaton's Inaugural.

Gentlemen of the City Council:

With a feeling of sincere gratitude, to the voters of Franklin, I assume the responsibility of the high office with which they have honored me. I would indeed be ungrateful not to thank my fellow citizens for their generous support at the polls and to pledge the best there is in me to the conduct of our municipal affairs.

I come to this office entirely unfettered, being no man's man, with no promises to fulfill, and this strengthens me to execute the duties of my office.

I feel secure and confident in looking over the membership of this council and seeing men whom I have long known, men strong in the business world, men well trained to municipal affairs, and I feel sure that, if we work together, guided by our best judgment, eliminating party differences, political manipulators, and everything which interferes with the just government of our city, we can have no reason to regret our part in administering the trust given us by our fellow citizens.

It is my earnest desire to keep in touch with the people, respecting the individual's right to courteous consideration, and I ask from all our people their assistance of suggestions and advice.

Your duties, Gentlemen, are numerous and exacting; the obligation is great and requires sacrifice on your part. Remuneration there is none. Your reward will be duty well done. Give the best you have. No man can do more.

The City Council elect men annually to offices of responsibility in important departments. I trust that when these important choices are made, all outside influences will be eliminated and every candidate required to stand on his own merit. Every candidate for office should be well considered as to his ability and disposition to properly perform the duties of his office. Any employee of the city, regardless of political affiliation, who is proficient in his duties, should be supported and encouraged. If he lacks ability or disposition to give just returns for his remuneration, then he becomes a burden which should not be tolerated.

Taxation.

This is the keystone to the arch that supports our municipal structure and is a subject on which we are not all agreed, concerning the methods for National, State, County and City maintenance. There are differing views as to the justice and equality of taxation. Some believe that a man owning a two thousand dollar home carries part of the burden of his rich neighbor who lives in a home that cost fifteen thousand dollars or more, but not taxed in the same proportion as the two thousand dollar home. I do not want to be understood to affirm or intimate that our Assessors are unjust, for I believe they are men of judgment and ability, but it should be understood that a man who puts thirty-five or fifty thousand dollars in a home should pay taxes on that amount.

A custom that is practised with too free a hand in this city is that of exemption from taxation and I mention it simply to condemn it, as I believe it to be one of the most pernicious faults of our government. Rich institutions and industries, well established, should be willing

to pay their just share of the taxes and I trust that this matter of exemption will be wisely considered before any action is taken.

Highways.

I want to call your attention to some of the things in this department which have come under my observation in the past few years. First and most important is the fact that several of the highways, especially in the outlying districts, have been neglected. For years tax payers in these localities have helped to build and maintain streets and sidewalks in other parts of the city, while the highways leading to and from their own homes were almost impassable. I urgently recommend that this matter receive your attention as soon as possible.

We have also a large number of dangerous embankments which are very inadequately guarded or not at all. This is a serious source of danger and has proved in the past few years to be very expensive to the City. I ask that this also be taken care of as soon as possible. We have at present a number of claims against the City for accidents, some of which in my judgment have resulted from negligence or oversight on the part of some official. The City Government has some excuse to offer to the Tax Payers when such accidents are unavoidable, but when caused by negligence there is no excuse.

The boundaries of some of our streets are in dispute or unknown. This is a matter which has been evaded for years and it would not be wise for the City to start permanent improvements on these streets until these boundaries are fixed.

The survey records of our City are very incomplete. Some engineers who have done work of this kind for the City have kept in their own possession records which should have been turned over to the City and become City property for future reference. The result of this neglect has been that there are streets in this City which have been surveyed as many as three times to my personal knowledge, in the past few years.

These records, should, if possible, be secured by the committee having this department in charge. Engineers doing this particular work, should be required to com-

plete the records of their survey and deliver them to the City before receiving payment for any part of the work.

Central Street is much in need of repairs or reconstruction. The question of repairs or reconstruction has been agitated for the past few years without results. It will cost one thousand dollars, or more for the necessary repairs to make the street presentable this coming year.

The sidewalk on the South side should be brought to a proper grade, widened in some places, and otherwise treated so as to encourage the use of that side of the street, thereby relieving the congestion which sometimes obstructs the sidewalk on the North side. I recommend that anything done on Central Street be in the nature of permanent work and rather than an increase of the tax rate to defray the expense, that the money be raised by notes, or some similar method.

I recommend that while this work is being done, that the so-called Daniell bridge be widened, if that be practicable without incurring too much expense. In its present condition, as you know, there is scarcely room for two teams to pass.

If it is not thought best to do this widening, I would suggest that guards of some kind be put on the bridge for the protection of pedestrians from the splash and slush from automobiles.

I suggest that outside roads receive early attention in the spring and that protruding rocks in the roadbed be removed. While this may be a little more expensive for this year than covering them up several times, it is a step in the direction of permanent work.

The working force of this department should be competent men, men able and willing to do the same amount of work and give the same number of hours that are required by a contractor doing similar work.

During the past year, two or three accidents have happened in the Republican Bridge, caused by insufficient light. There are days when this bridge is as dark as a pocket or too dark for safety. The matter of letting more light into the bridge should be considered. This can be done by adding more windows or by putting skylights in the roof.

Sidewalks.

It is necessary each year to do some repair work on our sidewalks and this year will be no exception to the rule. Some of our sidewalks at the present time are badly in want of repairs. There are many sections in the residential part of the city badly in need of sidewalks. The appropriation this year should be sufficient for the extension of this work where most needed.

I suggest that the committee having charge of this department see that the snow is plowed from the sidewalks immediately after or during each snow storm, so as to allow the people going to and from their work to do so without wallowing in the snow.

Schools.

This department is controlled by a Board of Education, elected by the people, but it may not be out of place for me to make a few suggestions at this time. The proper education and training of our young people is undoubtedly the most important work which any person can undertake. Their future depends almost wholly on what their training has been and upon you, gentlemen, rests the great responsibility of seeing that this Board, which has charge of this work, shall have proper financial aid and equipment to do good work, and make useful citizens of our boys and girls. To do this, efficiency, regardless of cost, must be the aim and when attained, we may begin to reduce expenses without impairing efficiency. I have always recommended, and now repeat the recommendation of a commercial course in the High School. If such a course is adopted by our Board of Education, I feel sure that one of the great needs of our educational system will be met. But few of our High School graduates have the means or desire, perhaps, to pursue a college course. Eighty-six per cent of the children in the grades enter our High School, and fifty per cent of those who do enter never graduate, choosing, or being obliged, to follow some vocation, by which to support themselves, and, perhaps, those dependent on their earnings for support. For such I strongly urge a good business course which shall better prepare them for the work before them.

New departments which have been added to our school in the past year or two, namely the Manual Training and Domestic Science, have my hearty endorsement when properly conducted and managed. I am proud to say, from my observation and investigation, these departments are efficiently conducted at the present time.

The cost of maintaining our Schools is greater than ten years ago. The increase in attendance is not in proportion to the increased outlay. In this connection, there are other things involved besides dollars and cents. The children's health is more closely watched, sanitary conditions greatly improved, and the general welfare of the child carefully guarded. All this costs money and is money well spent. The value of a healthy mind and body cannot be computed in dollars and cents.

Fire Department.

I believe the working efficiency of the officers and men in this department to be very satisfactory. Very expensive changes have been made in this department during the past year which, I trust, will make it more effective.

The question, however, has been raised as to the advisability of keeping the Combination Truck, recently purchased, in our Fire Station, the theory being advanced that it should be kept in some first class garage where skilled mechanics would keep it in repair and readiness, and when called out, would be in charge of a competent driver, who would be able to get the best results out of the car under all conditions.

Should this be considered inadvisable, then I believe that the City should hire some experienced driver who would be capable of doing all repair work necessary to keep the car in proper running order. This, I know, will add greatly to the expense of our Fire Department but would be a great deal more satisfactory than the present arrangement. This, gentlemen, will be a matter for you to consider.

Parks.

The improvements on Odell Park during the past year have been such as to merit the approval of every citizen who is at all interested in furnishing our people with a place for recreation and rest. With such an efficient and capable commission at the head of our Parks, our burdens are made lighter.

Our city is to be congratulated in having one of the commission so generously furnishing the means to make the Odell Park what it is and what it will be to future generations, and I am sure that such acts of kindness and loyalty on her part will long be remembered by a grateful people.

Police.

This is a very important department and one that has received a great deal of criticism ever since I have known anything about it. The individual who has been called to account for violation of the law begins revenge at once. Others, who have not violated the law, but have reasons to believe that the law is being violated, but have no absolute proof that such is the case, are strong in their denunciation of this department.

From my experience with this department, I know that it is almost impossible in some cases, to secure sufficient evidence to get a conviction. I do not wish to be understood as condoning any laxity on the part of our police officers in the enforcement of law but wish to impress upon them that strict enforcement of law and the prosecution of all offenders, regardless of their position or standing in the community, is the principal duty of their office.

It will be my earnest endeavor to work with and support any officer in hunting down criminals of all kinds who are engaged in any illegal traffic and I ask loyal support and assistance from all well meaning citizens who are interested in the welfare of our City, and the enforcement of its laws.

Ordinances.

An ordinance regulating street traffic went into effect last year, resulting, I believe, in great good. The

placing of posts at the intersection of certain streets was not included in this ordinance. These posts have been the cause of contention and ill feeling and have more than once given the City a black eye. I know personally that they have blocked traffic on different occasions. I know also that it has been necessary in some instances for both automobiles and horse drawn vehicles to back away and maneuver in order to go around posts to get to the proper side of the street. I feel confident that the majority of the people of Franklin do not wish them set up another year. They might well serve a good purpose in cities where the streets are a great deal wider than ours, but I believe our streets too narrow to have any fixed obstacle in their center which would prevent the free entrance of any vehicle from one street to the other. Accidents have happened with and without them. I recommend that the posts be discontinued.

An ordinance should be drafted by some competent attorney defining the duties of the City Solicitor. This matter has been under fire before and I trust the Ordinance Committee for this year will have drafted an ordinance covering this important matter.

Public Buildings.

The Central Heating plant should be looked over by some competent person with the view of reducing the cost of maintenance as I believe that the present cost is far above that of similar plants. Since this plant was installed, new and modern methods of installation have proved to be more economical, and I would recommend that this matter be taken care of by installing two water level traps in the High School building.

Appropriations and Committees.

In selecting members of the various committees, I have endeavored to keep in mind your familiarity with the departments to which you have been assigned and I feel that when the committees are announced, each department will have one or more members of the Council who are familiar with the work of that department. I expect committees to get together occasionally, or as often as necessary, and talk over everything of interest

to their respective departments. I desire that all actions be from the committee as a whole rather than from one man. If the committee is not agreed, then take it up with the Council.

All new work and expeditured, excepting incidentals, should first be considered by the committee; then referred to the Council for action. I ask you to familiarize yourselves with the needs of your departments before asking for any appropriation, and endeavor to keep within the appropriation allowed. This can only be done by keeping in close touch with the department and eliminating all the so called trading among friends, giving every one, who wishes, a chance to bid when purchasing supplies for your departments.

Gentlemen, during the administration upon which we are entering, rely upon your undivided support in everything that is for the best interest of our beloved City.

This year is ours. Let us endeavor to make it a year of municipal welfare and progress, of abiding good to all our people.

"The future will rest on what we build, and thus shall our work, your work, and my work, be judged."

CITY GOVERNMENT

Organized January 3, 1916.

CITY COUNCIL

Mayor.

Elected annually on the fourth Tuesday of November. Salary \$200 a year.

ALEXANDER A. BEATON.

Councilmen.

Elected by wards for three years. One member from each ward elected on the fourth Tuesday of November annually. No salary.

Term Expires.

<i>Ward 1</i> —ALVIN C. GILMAN,	January 1, 1917
GILBERT HODGES	January 7, 1918
JOHN O. POOR	January 6, 1919
<i>Ward 2</i> —RALPH B. GRIFFIN	January 1, 1917
PATRICK J. CUNNINGHAM	January 7, 1918
SAMUEL JANNELLE	January 6, 1919
<i>Ward 3</i> —ARTHUR M. HANCOCK	January 1, 1917
JUSTIN T. STEVENS	January 7, 1918
JOSEPH M. LORDEN	January 6, 1919

Standing Committees of the City Council, 1916.

HIGHWAYS—HANCOCK, JANNELLE, STEVENS.

SEWERS—JANNELLE, HODGES, POOR.

FIRE DEPARTMENT—GRIFFIN, CUNNINGHAM, LORDEN.

POLICE—STEVENS, POOR, GRIFFIN.

SCHOOLS—POOR, HODGES, LORDEN.

PUBLIC LANDS AND BUILDINGS—LORDEN. HANCOCK,
JANNELLE.

ORDINANCES—CUNNINGHAM, GILMAN, STEVENS.

STREET LIGHTING—GILMAN, CUNNINGHAM, HODGES.

CEMETERIES—HODGES, POOR, GILMAN.

FINANCE—THE MAYOR, HANCOCK, GRIFFIN.

City Clerk.

Elected annually by the City Council. Salary \$800 a year.

IRVING V. GOSS.

City Solicitor.

Elected annually by the City Council. Salary \$200 a year.

THOMAS F. CLIFFORD.

Treasurer.

Elected annually by the City Council. Salary \$150 a year.

FRANK PROCTOR.

Assessors.

Elected annually by the City Council. Salary \$175 a year each.

*SAMUEL B. CHADWICK,

MICHAEL J. NEVINS,

GILBERT G. FELLOWS.

* Died September 30, 1916.

Overseer of the Poor.

Elected annually by the City Council. Salary \$100 a year.

IRVING V. GOSS.

Highway Commissioner.

Elected annually by the City Council. Salary \$1,000 a year.

JAMES C. NOWELL.

Janitor of Memorial Hall.

Elected annually by the City Council. Salary \$300 a year.

SQUIRE DURHAM.

Custodian of City Clock.

Elected annually by the City Council. Salary \$25 a year.

RAY BENSON.

Tax Collector.

Elected annually by the City Council. Salary \$450 a year.

WILLIAM A. DUSSAULT.

Janitor of Heating Plant.

Elected annually by the City Council. Salary \$400 a year.

SQUIRE DURHAM.

Board of Water Commissioners.

Two members elected annually by the City Council for three years.
 No salary. Salary of Clerk \$200 a year.

Term Expires.

WARREN M. DRAPER,	January 1, 1917
JASON KIDDER,	January 1, 1917
ALVAH W. SULLOWAY,	January 7, 1918
THOMAS F. CLIFFORD	January 7, 1918
FRANK N. PARSONS, (clerk)	January 6, 1919
GEORGE D. MOWE,	January 6, 1919

Superintendent of Water Works.

Appointed by the Water Commissioners.

EPHRAIM L. WALLACE.

Constables.

Elected by City Council upon recommendation of City Marshal.

ROLLIN E. DAVIS,
LINTON H. JONES.

City Physician.

Elected annually by the City Council. Salary \$50 per year.

WILLIAM E. SMITH.

Board of Park Commissioners.

Established March 3, 1913. One member elected annually by the City Council for three years. No salary.

Term Expires.

FRANK PROCTOR,	March 3, 1917
EDWARD G. LEACH,	March 3, 1918
MRS HERMAN J. ODELL,	March 3, 1919

Sealer of Weights and Measures.

Appointed annually by City Council.

EDWARD L. WELCH.

Board of Health.

Elected annually by the City Council. Salary of first, \$180; second, \$50; third, \$25.

FRANCIS A. BAKEMAN, Secretary,	
HECTOR MORIN,	
	IRVING V. GOSS.

City Auditor.

Appointed annually by the Mayor. Salary \$100 per year.

HARRY F. DAVIS.

Trustees of Public Library.

Two elected annually by the City Council for three years. No salary.

HARRY P. SWETT,	January 1, 1917
WALTER F. DUFFY,	January 1, 1917
MISS ANNA G. BLODGETT,	January 7, 1918
MISS MARY A. PROCTOR,	January 7, 1918
FRANK N. PARSONS,	January 6, 1919
WARREN F. DANIELL,	January 6, 1919

Tree Warden.

Elected annually by the City Council. No salary.

WARREN F. DANIELL.

Surveyors of Wood and Lumber.

Appointed annually.

HARRY E. COLBY,	EBEN G. PEABODY,
LEWIS RUSSELL,	GILBERT HODGES,
GEORGE S. DAVENPORT.	

Surveyors of Stone and Masonry.

Appointed annually.

GILBERT HODGES.

Milk Inspector.

Appointed by the Board of Health. Salary \$250 per year from
July 1, 1915.

* ARTHUR L. EDMUNDS,

† FRANCIS A. BAKEMAN.

Trustees of Trust Funds for the City of Franklin.

Elected annually by the City Council. No salary.

Term Expires.

WARREN F. DANIELL,	September 13, 1917
RICHARD W. SULLOWAY,	September 13, 1918
OMAR A. TOWNE,	September 13, 1919

* Resigned June 1, 1916.

† Appointed June 1, 1916.

POLICE DEPARTMENT

City Marshal.

Elected annually by the City Council. Salary \$1,000 a year.

JOHN MANCHESTER.

Police.

Appointed by the City Council. Salary \$980 a year.

LOUIS BASSETT.

Acting by order of Police Committee. Salary \$2.00 per day.

MICHAEL J. DOHERTY.

Special Police Officers.

Elected by City Council upon recommendation of City Council.

Salary \$2.00 a day, when on duty, and fees.

MACE C. HEATH,
HARRY E. COLBY,
L. J. SEYLER,
LOREN B. GREELEY,
GEORGE H. P. PERKINS,
JOHN HANCOCK,
WALTER I. SWEET,
MICHAEL CONNORS,
FRANK R. ROERS,
HENRY L. STEVENS,
ALBERT E. JAMES,
ARTHUR J. KELLEY,
FRANK S. FENLASON,

*JOHN E. MACALONEY,
MICHAEL J. DOHERTY,
ALBERT C. HUEBER,
GEORGE ALDRICH,
FRANK E. YOUNG,
JOHN S. WILSON,
JAY SWEET,
ALBERT H. MANUEL,
GEORGE BURREN,
WALTER H. DANIELS,
CHARLES H. BEAN,
E. D. HIVELY.

* Died August 11, 1916.

Franklin Municipal Court.**Justice.**

Appointed by the Governor and Council. Salary \$400 per year.
Term expires February 2, 1921.

OMAR A. TOWNE.

Associate Justice.

Appointed by the Governor and Council. Salary \$3.00 per day while
on duty. Term expires May 7, 1952.

CLYDE C. BROWN.

Clerk.

Appointed by the Justice. Salary \$150 per year.

EDWARD L. WELCH.

Probation Officer.

Appointed by the Justice. Salary \$100 per year.

AUGUSTUS B. SAWYER.

FIRE DEPARTMENT

One chief and two assistant engineers elected annually by the City Council. Salary, chief engineer \$100 and 50c per hour for services at fires; assistant engineers \$30 a year each and 50c per hour for services at fires.

Chief Engineer.

HARRY E. COLBY.

Assistant Engineers.

JAMES W. HUNTOON,

JOHN E. CUNNINGHAM.

Firemen.

Appointed by the engineers. Salary \$20 a year each, and 50c for first hour, and 35c per hour thereafter for services at fires.

Hose Company, No. 1.

CAPT. NED FLANDERS, 10 men

Steamer and Hose Company.

CAPT. EDGAR H. WHEELER, 15 men.

Hook and Ladder Company.

CAPT. AMEDOS ROUSSEAU, 15 men.

Superintendent of Fire Alarm.

Elected by the City Council. Salary \$50 a year.

HARRY W. BURLEIGH.

Blower of Fire Alarm Test.

Elected by the City Council. Salary \$35 per year.

GILBERT G. FELLOWS.

WARD OFFICERS

WARD ONE.

Elected biennially by the ward.

Moderator—GEORGE S. DAVENPORT.

Elected biennially by the ward.

Ward Clerk—CHARLES H. NICHOLS.

WARD TWO.

Elected biennially by the ward.

Moderator—FRANK W. CLOUGH.

Elected biennially by the ward.

Ward Clerk—ERNEST B. SCHWARTZ.

WARD THREE.

Elected biennially by the ward.

Moderator—FRANK E. WOODBURY.

Elected biennially by the ward.

Ward Clerk—ALBERT E. JAMES.

Ballot Inspectors.

HIGHWAY DEPARTMENT

HIGHWAY COMMISSIONER'S REPORT.

To the Mayor and Council of the City of Franklin:

I herewith submit my report as Highway Commissioner for the year 1916:

The general work of repairing the outside roads and streets, including those of concrete construction, has been carried out as far as the appropriation would admit of such work being done.

In the month of August, it became necessary, on account of shortage of help, to increase the wages of the laborers employed in the department to the extent of twenty-five cents per day, and soon afterwards the city was obliged to pay an advance of fifty cents per day for all hired teams.

On account of the increase of expense in running the department, it would appear that a larger appropriation would be necessary the coming year in order to properly carry out the work of making needed repairs.

One pair of horses was purchased the present year at an expense of \$575.

The crusher plant is in good running condition. About 1,000 lineal feet of macadam on the Willow Hill section of Central street has been spiked up, harrowed and redressed.

On Bow street about 2000 lineal feet of the roadway has been properly graded and covered with gravel, and on River street about 800 lineal feet of the roadway has been similarly repaired.

A part of the Gerrish road, about 700 feet in length, has been covered with clay.

Bridges.

The bridge near the Franklin Needle company shop has been practically rebuilt, and all other bridges have been put in good condition. The concrete roadway in the Republican bridge has been recovered.

Macadam.

On North Main street, 2,550 lineal feet of bituminous roadway has been constructed.

State Aid Construction.

The work on the River road was continued the present year, and about 4,950 feet of finished gravel road has been constructed.

The work on this road will probably be completed to the Hill line the coming year.

Trunk Line Maintenance.

In addition to the work of patching and repairing done by the patrolman, a section of the roadway at Franklin Junction, about 1,500 feet in length, was spiked up, re-dressed and a coat of tarvia B applied.

JAMES C. NOWELL, Commissioner.

Horses, Carts, Tools, etc., in Highway Department as Estimated December 31, 1916.

FIRE DEPARTMENT

ENGINEERS' REPORT.

The following report from Dec. 20, 1915 to Dec. 18, 1916, is submitted: The manual force consists of Chief Harry E. Colby and two assistants, James W. Huntoon and John E. Cunningham. The Daniel Webster Steamer Company, 15 men, Edward Wheeler, Captain. The Hook and Ladder Company No. 1, 15 men, Amedos Rouseau, Captain. Hose Company No. 1, South Main street, 10 men, Ned Flanders, Captain.

Location of Apparatus.

Hose Company No. 1, South Main Street.

One one-horse sled.

One 30-foot ladder.

One 25-foot ladder, 500 feet 2½-inch hose.

Prescott's Garage.

One automobile hose and chemical wagon, carrying eight pony fire extinguishers, 500 feet 2½-inch hose, boots, coats and hats, nozzles, axes, etc.

Carries three men besides driver, and nine men going to brush fires.

Central Fire Station.

One Amoskeag steam fire engine with swinging harness.

One auto hose and chemical truck, carrying 600 feet of 2½-inch hose and 1-40 gal. chemical tank.

One one-horse hose wagon with swinging harness, carrying two extinguishers with extra charges, hose pipes,

axes, gates, relief valve, ladder straps, spanners, wrenches, hose packet, coats, hats, boots and belts.

One one-horse sled.

One two-horse Seagrave hook and ladder truck, equipped with swinging harness, two extinguishers, extra charges, hose pipe, wire cutter, tin roof cutter, ropes, axes, coats, boots and hats.

One deluge set, with different size tips for same.

The Central Fire Station hose wagon and ladder truck and also the automobile carry four nose and mouth smoke protectors.

Hose 3, Central Street, Opposite Paper Mill B.

One hand reel with pipes, wrenches, spanners and 400 feet 2½-inch hose.

Hose 4, Head of Elm Avenue.

One hand reel with pipes, wrenches, axes, spanners, 400 feet 2½-inch hose.

One two wheeled truck equipped with one 31-foot roof ladder, one 28-foot, one 20-foot and one 15-foot ladder.

Hose 5, Pearl Street, Near Park Street.

One hand reel with pipes, wrenches, axes, spanners and 400 feet 2½-inch hose.

Hose 6, Sturtevant Street.

One hand reel with pipes, wrenches, axes, spanners and 400 feet 2½-inch hose.

There is also one 55-foot extension ladder at the city stable.

Pony extinguishers to be used by any person for fire purposes in the vicinity of the places of keeping are in the following places: City Hall 4, Clark's stable 2, Heath's stable 1, Franklin Passenger Station 1.

The old hand tub is kept at Beaupre's foundry.

There is at the Central Fire Station 2600 feet of 2½-inch extra hose.

Recommendations.

We recommend for the year 1917, the purchase of fire alarm boxes, new hose, a life net and new coats for the department, also the disposal of the auto fire truck now in-

cluded in the equipment of the department, and the purchase of a Triple Combination truck of standard make.

HARRY E. COLBY,

Chief Engineer

JAMES W. HUNTOON,

Assistant Engineer,

JOHN E. CUNNINGHAM,

Assistant Engineer and Clerk.

Board of Fire Engineers.

Fire Report.

1916

January 16. Still alarm, chimney fire, house owned and occupied by Rhoda Shaw, Franklin Street. No damage.

January 18. Still alarm, chimney fire, house owned and occupied by Clara Rowell. No damage.

February 5. Still alarm, chimney fire, house owned and occupied by Bell Langley. No damage.

February 8. Still alarm, chimney fire, house owned by J. J. Burley estate, Park St., occupied by Ernest Tilton. No damage.

February 10. Still alarm, chimney fire, house owned by C. C. Brown, Chestnut Street, occupied by Mrs. Flanders. No damage.

February 11. Still alarm, chimney fire, house owned by Shepard Bros., Proctor Street. No damage.

February 29. Still alarm, chimney fire, house owned and occupied by Fred Flanders, River Street. No damage.

March 16. Still alarm, chimney fire, building owned by E. G. Leach, occupied by Peter Roucher as Lunch Room. Slight damage.

March 17. Still alarm, chimney fire, house owned by W. P. Gilman. No damage.

April 2. Still alarm, grass fire on land owned by Mrs. C. C. Kenrick.

April 16. Six blows. Brush fire on land of Mrs. Aiken near Webster Lake.

April 20. Still alarm, Brush fire on land of Geo. L. Hancock, Webster Lake.

April 20. Still alarm, grass fire, farm owned by Fred Flanders.

April 20. Still alarm, chimney fire, house owned by Josie Hardy, Spring Street. No damage.

April 20. Still alarm, chimney fire, house owned by Mrs. C. C. Bucklin, River Street. No damage.

May 11. Six blows. Brush fire on land owned by W. H. Nelson.

May 11. Still alarm, grass fire on land owned by B. & M. R. R.

May 15. Still alarm, chimney fire, house owned by Ben Colby. No damage.

May 16. Still alarm, chimney fire, house owned by Clyde Brown. No damage.

May 23. Still alarm, chimney fire, house occupied by Mrs. A. B. Closson. No damage.

June 2. Box 27. Chimney fire, house owned by Chadwick & Kidder, West Bow St. No damage.

June 15. False alarm.

June 22. Still alarm, chimney fire at Acme Knitting Machine and Needle Co. No damage.

July 1. Box 16. Fire at Gordon's Lunch Room, building owned by Mrs. Nixon. Slight damage.

July 1. Box 32. Fire in ash barrel, house owned by Mrs. J. Nevins, occupied by Bland Redmond. No damage.

July 2. Box 32. False alarm.

July 23. Box 27. House owned by Aiken Estate, Bow St. Damage \$733.45.

July 24. Still alarm, chimney fire, 173 Bow St. No damage.

August 10. Still alarm, chimney fire, Sawyer Block, Central St. No damage.

August 17. Still alarm, grass fire on land owned by B. & M. R. R.

August 21. Still alarm, chimney fire at 44 Pearl St., house owned by Ethel Johnson. No damage.

September 7. Still alarm, chimney fire, 937 Central St., house owned by Mrs. Ervin Haynes. No damage.

September 13. Box 25. Fire at Towne & Robie Printing Plant. Damage to building and contents \$25.00.

October 5. Box 16. House owned by D. D. Seamans. Damage \$600. Total loss.

October 16. Still alarm, automobile owned by Geo. H. Bartlett. No damage.

October 19. Still alarm, house owned by W. E. Dunlap, occupied by Frank Drake. No damage.

October 26. Still alarm, brush fire on land of Irving Kelley.

October 27. Still alarm, chimney fire, 79 Bow St. No damage.

October 27. Still alarm, fire in house owned by Josie Hardy, Spring St. Slight damage to contents.

November 15. Still alarm, chimney fire at Mrs. Baker's Central St. No damage.

November 21. Still alarm, house owned and occupied by Elmer French.

November 25. Still alarm, chimney fire, house owned by Mrs. C. C. Kenrick, Smith St. No damage.

December 17. Still alarm, house owned by August Perreault. No damage.

December 17. Still alarm, house owned by Paul Sorrette. No damage.

December 20. Still alarm, house owned by Ralph Raffaelly, occupied by Mr. Pickering. No damage.

December 24. Still alarm, house owned by Mrs. C. C. Bucklin, River St. No damage.

December 26. Still alarm, house occupied by Mrs. Fernald, Salisbury St. No damage.

Bell alarms 10.

Still alarms 37.

Regulations of the Franklin Fire Department.

Adopted December 20, 1909.

Section 1. The fire department of the City of Franklin, shall be composed of a chief engineer, first assistant engineer, second assistant engineer, third assistant engineer, fourth assistant engineer, and a superintendent of fire alarms, who shall each be appointed by the city council; one steamer and hose company to consist of fifteen men, one hose company to consist of ten men and one hook and ladder company to consist of fifteen men.

Section 2. The chief engineer and four assistant engineers shall constitute a board of engineers and shall exercise the power of firewards.

Section 3. The chief engineer and each assistant engineer shall hold his office and perform his duties until his successor takes the oath of office.

Section 4. The City Council, for cause, after hearing, may remove from office the chief engineer or any assistant engineer.

Chief Engineer.

Section 5. The chief engineer shall have sole command over all persons present at fires whether members of the fire department or not.

Article 1. He shall direct all proper measures for extinguishing fires, protecting property, preserving order at

fires, and enforcing laws, ordinances and regulations regarding fires.

Article 2. He shall have charge of and examine into the condition of all fire apparatus, fire alarm system, houses and all fire department property and shall cause needed repairs to be made under the direction of the committee on fire department of the City Council.

Article 3. He shall certify all pay rolls and bills against the department and shall be responsible for the care of all property connected with the fire department.

Article 4. In the absence of the chief engineer the next engineer in rank, who may be present, shall have the power to perform the duties of the chief engineer.

Board of Engineers.

Section 6. The board of engineers shall inspect and make themselves familiar with all shops, factories, hotels, tenement houses, public buildings, halls, churches and schoolhouses once a year, and study the location of all hydrants and generally inform themselves in all matters pertaining to their duties.

Article 1. They shall have control of all persons appointed to serve in any company of the fire department and shall have power to direct and control the labor of all persons present at a fire.

Article 2. They may from time to time make and enforce such regulations for the government of the department as they may deem proper.

Article 3. They may establish such regulations respecting public safety, kindling, guarding, safe-keeping, prevention, and extinguishment of fires, and for the removal of combustibles from any place, and the keeping or storing of explosives, as they think expedient, which shall be signed by a major part of them, approved by the Council and recorded by the city clerk, and attested copies posted in two or more public places in the city thirty days before they shall take effect.

(a) Penalties not exceeding ten dollars for each offence may be prescribed for breach of such regulations and such regulations shall remain in force until altered or annulled.

Article 4. They shall examine the qualifications and fitness of all applicants for membership in the department

and no person, whose application has not been approved by a majority of the board of engineers shall become a member of the company.

Article 5. At the first meeting in each year, after the qualification of the engineers, they shall proceed to elect, by a majority vote, a clerk of the board of engineers, a captain, a lieutenant and a clerk for each company and an engineer, assistant engineer and stoker of the steamer, each of whom shall hold office until his successor is elected.

Article 6. Any member of any company may be dismissed from the department or from office in a company by two-thirds vote of the board present.

Article 7. They shall in conjunction with the annual report of the chief engineer, make recommendations as to the needs of the department.

Article 8. Every engineer shall cause any fire deemed by him to be dangerous, in any street or elsewhere to be extinguished or removed.

Superintendent of Fire Alarm.

Section 7. The fire alarm system shall be under the control of the chief engineer, with direct supervision by a superintendent of fire alarm who shall be elected by the Council.

Committee on Fire Department.

Section 8. The committee on fire department of the City Council, with the approval of the chief engineer and subject to direction by the Council shall purchase all supplies in connection with the department.

Article 1. They shall direct all repairs of the houses, fire alarm system, and fire apparatus.

Article 2. They in conjunction with the board of engineers shall hold meetings on the last Wednesday of each month.

Adopted December 5 and 19, 1910.

1. That the salary of the chief engineer be \$100 a year and 50 cents per hour for actual service at fires. It is understood under this arrangement that he shall not put in any time except for fires.

2. That the number of assistant engineers be reduced

to two and that the salaries of each shall be \$30 per year and 50 cents per hour for actual service at fires. Also that two alternates from the regular force be appointed by the chief engineer on January 1, to serve in absence of the assistant engineer at a proportionate salary.

3. That the clerk of the Board of Engineers shall receive a salary of \$15 per year for his services.

4. That the members of the various companies shall each receive a salary of \$20 per year and 50 cents for the first hour and 35 per hour thereafter for actual service at fires, except a brush fire when they shall receive 25 cents per hour.

5. That for fire practice or work at the engine house all members of the department shall receive 25 cents per hour in every instance.

6. That the engineer of the steamer shall receive \$1.00 per hour for actual service at fires, 50 cents per hour for practice and 35 cents per hour for cleaning and repairing.

7. That the superintendent of fire alarm shall attend to all repairs on the fire alarm system. Under this head it is understood that he shall at all times keep the line clear, and for any work in this connection, including the cutting of trees or branches, he shall not receive any extra compensation. It is further understood that in instances that tappers are changed, it shall not be considered extra work except where new wiring is called for. That he shall attend to the winding of all the clocks and the tappers and he shall see to the procuring of supplies for the whole system, including the storage batteries at the Franklin Light & Power station, subject to the approval of the chief engineer and Fire Department Committee.

BOARD OF HEALTH.

To the Honorable Mayor and City Council:

The officers of the Board of Health issue the following report for the year 1916. We take a great deal of pride in congratulating the city of Franklin on its relative healthfulness, as compared with cities throughout the country and if we have been instrumental in enhancing this condition the sense of having done our duty amply repays us.

The first great need of a city is a good water supply and ours is par excellent, a careful analysis from the state laboratory each month assures us of its purity and with the efficient Board of Water Commissioners constitutes the city's greatest asset.

The practice of collecting rubbish from the main street weekly and the other streets monthly, works out advantageously. A careful survey of the yards along the routes, shows results far in excess of what was hoped for. With the assistance of Mr. Nowell of the Highway Department and Mr. Colby of the Fire Department, the vacant spaces behind the stores have been put in proper shape, and the merchants are keeping them in a good condition.

The contagious diseases have been of a rather light form this year and few in number, when one stops to think of the transient population coming from mill cities and foreign countries it is remarkable that we do not have more. There have been six cases of diphtheria and one case of scarlet fever. The only case of typhoid fever reported, was contracted out of town.

In the early summer an epidemic of infantile paralysis appeared claiming six patients with one death. On account of lack of positive knowledge about this disease and its contagiousness your board was unable to assure the people of the ultimate results, but they acted under instructions from the State Board of Health and did in all cases what appeared to be their duty, "Letting the chips fall where they might."

Numerous complaints have been investigated and where possible, conditions have been bettered. The board invites the cooperation of all citizens in this work and for obvious reasons, complaints are treated confidentially. We have placed this year, in every mill and factory, an emergency outfit for the benefit of the employees, called a first aid cabinet. These contain all the necessary articles used in minor accidents and someone in authority is instructed in their use. These are regularly inspected and anything gone is replaced.

The State law in regard to vaccination has never been enforced in Franklin until this year. A thorough canvass of the schools has enabled us to find those who were not vaccinated and insist on their being vaccinated unless they produced a certificate from a reputable physician saying it was inadvisable. If the parents would see that the children entering the first grades were properly vaccinated, a great deal of trouble would be avoided. Arrangements are now being made whereby children of poor parents may have the work done free of expense upon an order from the Board of Education.

We wish to comment favorably on the work done by the School Physician. We are working on the same lines. We believe what he is doing is of the greatest importance in regard to the future health of the children and parents should appreciate his advice in regard to minor defects and make arrangements with their family physician to look after the troubles.

Since the resignation of Mr. Edmunds as milk inspector, the work has been done by the secretary with the assistance of the other members of the Board of Health, and we can assure the people of Franklin that there never was a time when they were getting better milk; produced under better

conditions and marketed in a more hygienic manner, than they are today. The milk producers are heartily in favor of our system and are very anxious to be informed of the latest and best methods of handing milk. We send milk to Concord for analysis which shows how rich the milk is and if it is up to our standard in cream and purity.

We have had some trouble with the small dealer who is handicapped in equipment, but the tendency is in the right line.

Respectfully

F. A. BAKEMAN,
HECTOR MORIN,
IRVING V. GOSS.

Board of Health.

ODELL MEMORIAL ARCH FUND.

Vote passed April 7, 1913.

That, The City of Franklin hereby accepts the sum of two thousand dollars given to said city March 3, 1913, by Mrs. Herman J. Odell, same to be known as the "Odell Memorial Arch Fund," and said city hereby contracts and agrees with the said Mrs. Herman J. Odell, her heirs and assigns, to pay four per cent interest annually on said sum, said interest to be expended by duly authorized agents of said city for the following purposes only, to wit:

First. For the care and repair of the Odell Memorial Arch.

Second. For the lighting of said arch.

Third. Balance for the care of the Odell Park.

It is further voted that a copy of this vote of acceptance and contract shall be printed annually in the city reports.

Approved.

W. W. EDWARDS, Mayor.

CITY SOLICITOR'S REPORT

To the Mayor and City Council of Franklin, N. H.:

I herewith hand you my annual report covering the activities of my office for the year, 1916.

During the year two suits have been brought against the city to recover damages for personal injuries occurring on our highways during 1915; one by Alfred Rocheleau as a result of an automobile in which he was riding striking a city team standing in the Republican bridge while the highway department was engaged in cleaning the bridge; this suit was placed on the jury list for trial at the October Term of the Superior Court for this county; the other suit was brought by Mrs. Melinda W. Tobie as a result of being thrown from her carriage while turning into her yard on Highland Avenue, claiming that the highway department while engaged in cleaning the street had created a dangerous embankment; although the writ in this case was entered at the April Term of the Superior Court, the case has not been pressed for trial.

As the city was carrying liability insurance when both of the accidents occurred, it has looked to the insurance company to protect its interests.

The exceptions taken in the Miner cases were overruled by the Supreme Court, which held that the location on the Hill road where this accident took place did not come within the provisions of the statute exempting the city from liability. Judgments obtained by the plaintiffs have been paid, which amounted to four hundred dollars less than the amount for which settlement could have been made without trial.

Several claims for damages on our highways have been presented during the year, most of which have been disallowed, settlement however having been made with claimant for damages occurring on the Hill road and within a few feet of where the Miner accident happened.

During the year many claims for damages caused by dogs to sheep, fowls and other domestic creatures have been presented and disposed of as the facts in each case warranted.

Many new ordinances have been placed on our books during the year, covering a variety of subjects, one of the most important relating to the establishment of street boundaries, a subject that has been too long neglected in the past and which has resulted in unwarranted encroachments upon our highways, the trespassers thereby assuming rights that they are not entitled to, and defying the city. No good and sufficient reason exists why this vicious practice of surrendering public rights to an individual should be allowed to continue.

The enforcement of a few ordinances is preferable to the enactment and non-enforcement of many.

Respectfully submitted,

THOMAS F. CLIFFORD,

City Solicitor.

CEMETERY TRUST FUNDS.

The following funds have been placed in the care of the Trustees of Trust Funds for the City of Franklin in trust, the income to be expended in the care of various lots in cemeteries within the city agreeable to Chapter 51 of the Public Statutes, and a resolution of the city council adopted September 3, 1900:

MARY J. COLBY FUND.

In the year of our Lord one thousand nine hundred and thirteen.

A resolution relating to the Mary J. Colby Fund.

Resolved by the City Council of the City of Franklin as follows:

Whereas, By the terms of the will of the late Mary J. Colby, the sum of ten thousand dollars has been given to the City of Franklin, N. H., in trust, the income to be used annually for the support of the poor of said city, and the principal to be known as the Mary J. Colby Fund.

Be it Resolved, That the City of Franklin, N. H., in accepting said trust fund hereby votes that same shall be deposited by the Treasurer of said city as follows, to wit: That the sum of five thousand dollars shall be deposited to the credit of the City of Franklin, in the Franklin Savings Bank of Franklin, N. H., and the sum of twenty-five hundred dollars shall be deposited to the credit of the City of Franklin in each of the following named banks, to wit: New Hampshire Savings Bank and Merrimack County Savings Bank, both of Concord, N. H., to be known as the Mary J. Colby Fund; and that the annual interest or dividends paid by said banks on said deposits shall be expended for the benefit of the poor of Franklin, N. H., by an agent who shall be elected by the City Council of said city of Franklin, for a term of one year, and that said agent shall annually make a return to said city of the names of the persons assisted and the amounts to each, but that said names shall not be included in the list of paupers, or published.

Approved,

W. W. EDWARDS, *Mayor*.

Passed September 8, 1913.

That part of the above resolution relating to "an agent who shall be elected by the City Council" was repealed September 13, 1915, and trustees appointed under provisions of Chapter 162, laws of 1915.

PARK COMMISSION

To the City Council of the City of Franklin:

As introductory to his fiscal report, your Treasurer submits the following comments:

Odell Park.

The semi-bungalow Lodge and Rest-house, which was completed and furnished by the munificence of Mrs. Odell, during the closing months of 1915, has continued to demonstrate its civic value and utility as it has, day by day, served the useful purposes for which its thoughtful donor wisely planned.

In the early summer, Mr. John S. Wilson, who had given efficient service as caretaker for three years, was stricken with a progressive malady which incapacitated him from manual labor, compelling his resignation after several weeks' illness. He was succeeded by Mr. Edwin S. Morrison, who entered upon his new labors with enthusiasm. Both Mr. and Mrs. Morrison are finding their environment, with its duties, congenial, and the members of the Commission bespeak for them the considerate cooperation of the numerous patrons of this Play-ground and Park.

The work of filling, grading and surfacing has been systematically carried on, as far as the limited supply of loam obtainable, permitted. Hundreds of loads of cinders, cobblestones, and coarser materials have been utilized as rubble and rip-rap, thereby fortifying the alluvial banks against the toll-exactions of ravaging river and mining muskrat. Nature is already at work, covering the untidiness which characterized the earlier stages of the reclamation of mud-flat and marsh.

A broader-visioned Park Commission of a decade hence may, perhaps, well devote some of its energies to improving and restoring the scenic beauties along the opposite ("Ox-Bow") river marge.

As heretofore, during the winter months, whenever the ice, and weather conditions are favorable, the lagoon is the resort of hundreds of buoyant and graceful skaters. In previous reports, allusion has been made to the not inconsiderable expense of keeping this two-acre ice field in satisfactory conditions; yet the healthy, recreating effects of the wholesome and fascinating out-of-door exercise, upon the young people, far outweighs the cost factors.

Daniell Park.

During the past season the conditions have been exceedingly favorable for the growth of the white-pine and the red-pine transplants of the two previous years. Thousands of these transplants, which, five years ago, were scarcely bigger than a "merman's eyelash," are today conspicuously dotting the snow-clad uplands of the "Sand Farm." According to the tranquil Emerson, "Nineteen twentieths of their substance do trees draw from the air. Plant the pitch-pine in a sand-bank, where is no food, and it thrives, and presently makes a grove, and covers the sand with a soil by shedding its leaves."

Barring havoc by fire or rust-blight, in five years these transplants will have attained what foresters call "hoop-skirt" dimensions, and, in three decades will be ripe for harvesting.

In the opinion of the Commission, reforestation of this tract should not be extended further, but the broad acres remaining should be left for a suburban play-ground, which can be developed and improved with the city's growth and expansion.

Webster Lake.

The white-pine and ash transplants which were set out on the experimental tract reserved by the U. S. Bureau of Entomology, seem to be flourishing, and, in time, it is hoped will establish an effective "moth resisting stand," in accordance with the theories of the Forestry experts.

A gradual deforesting of the deciduous trees which have reached their maturity, or which have become moth-infested, has been recommended by the State Forester, Mr. Hirst, whose counsel will be vouchsafed, from time to time, whenever the work of cutting and marketing timber is undertaken by the Commission.

As shown by the fiscal report, \$100 was received from the sale of one shore lot. Applications were received for the sale of one or more interior lots, but, in view of the fact that no exact survey was available, negotiations were not completed.

Supplementing the foregoing comments, the Treasurer takes pleasure in submitting the following belated communication from the State Forester, which is well worth incorporation in the current City Report, as a matter of public record, and as embodying valuable suggestions for future guidance:

January 20, 1917,

Mr. Frank Proctor,
Park Commissioner,
Franklin, N. H.

Dear Mr. Proctor,

I regret that I have not had an opportunity to reply to your request, Mr. Proctor.

The following is a brief summary of our recommendations as to what should be town or city woodlands. I hope that it arrives in time for your purpose.

Two tracts have been examined— one of about 50 acres south of the city, and the other about 155 acres at Webster Lake. These will be considered separately.

Fifty Acre Tract South of the City.

There are four types of growth from the standpoint of treatment.

1. White pine growth.

This is in good condition, but a careful thinning would allow the trees to develop more rapidly. The poorer suppressed trees should be removed.

2. Pitch pine growth.

This is on the east side and is generally of scrubby form. The growth can be improved by planting white pine under the pitch pine trees and either white or Norway pine in the openings. The pitch pine trees can be gradually removed while the new stand is growing.

3. Open land.

Should be planted with white, Norway, or Scotch pine.

4. Hardwood slope.

A mixed open hardwood growth of all sizes in poor condition. The undergrowth should be cleaned out and the larger trees underplanted with pine. Around and in sand pits white or Scotch pine should be planted close together (4x4 feet) to form a cover quickly and reduce soil washing.

Webster Lake Tract—155 Acres.

The forest growth varies from very thrifty, well formed trees on the lower slopes to small scrubby growth on the ledge. The most important timber is oak and white pine. An improvement cutting would stimulate the growth over most of the tract and could be made financially profitable both for present and future management. There is a considerable amount of red and white oak and scattered old white pines which should be removed. If done under careful supervision and the tops and limbs are worked into fuel wood the heavy growth of young white pine now on the ground will develop rapidly and soon form a new forest. No trees need be cut within 100 or 200 feet of the highway. After the larger timber is cut the other parts of the forest should be thinned a little every year and the product sold for cord wood. The openings which do not have natural young pine already started should be planted with this species.

The Forestry Department will be glad to help the Park Commission or the Water Board in the management of these tracts and stands ready to help supervise the cutting, planting and other improvements whenever the City is ready to proceed with the work.

Respectfully submitted,

E. C. HIRST.

State Forester.

FRANKLIN PUBLIC LIBRARY

To the Mayor and Members of the City Council:

As President of the Board of Trustees of the Franklin Public Library, I submit herewith the reports of the Treasurer of our board and of the Librarian.

These reports give a complete description of the finances and the doings of the library.

This institution is doing quietly a vast amount of good in our midst and is deserving of all the support you can extend to it.

The Trustees fully appreciate the way in which the city government has cooperated with them in furnishing to the library the extra funds asked for to make needed repairs and as new needs arise each year we trust the demands will merit your support.

The Trustees have been advised of a bequest of \$1,000 in the will of the late Mary D. Aiken and we gratefully acknowledge an additional donation of this kind.

We hope that the needs of the library for its future growth and development may be realized by other citizens who are inclined to make donations for an object of this kind.

Respectfully submitted,

W. F. DUFFY, President.

Board of Trustees, Public Library.

REPORT OF TREASURER.

To the Trustees of the Public Library:

I hand you herewith my report as Treasurer for the Library Trustees. It will be noted that the expense for maintenance exceeds the yearly appropriation by varying amounts from year to year as has been pointed out in my

previous reports, the amount for 1916 being \$96.68 or somewhat less than the excess for 1915. The city council generously appropriated the sum of \$400. additional this last year for repairing, plastering, redecorating and installing new book stacks. An itemized account of the above appears elsewhere in the city report. The library is badly in need of facilities for properly filing its magazines so that they can be referred to when necessary. There being ample room in the basement, a room of sufficient size should be there partitioned off and fitted with filing cases. Your treasurer wishes again to point out the fact that the book fund is dwindling yearly and that unless further funds become available it will be necessary to cut down appreciably the yearly amount used for this purpose.

Respectfully submitted,

January 3, 1917.

W. F. Daniell, Treasurer.

In addition to permanent funds above mentioned, the Library has the Frank and Ella Chapman Fund of \$2,000 and will soon have \$1,000 from the estate of the late Mary D. Aiken. Interest on all bequests is used for the purchase of books.

W. F. DANIELL, Treasurer.

To the Trustees of the Public Library:

There has been a falling off from the large circulation of last year which marked the highest since the Library was opened. This was due largely to a decrease in the number of books of fiction purchased; to the fact that the French library received no additions; and to the fear of contagious diseases, which decreased the circulation in the children's department.

Since the Pay Collection has become an established source of income, it is not supported as liberally as at first, and to this may be laid a falling off in the circulation of adult fiction. The record of the use of books in pure Literature, History, Biography and Fine Arts has increased from last year.

During the year 418 people have become permanent borrowers, bringing the registration number to 3255.

The number of new books accessioned during the year is 647; 193 were gifts and the rest acquired by purchase. Two hundred and fifty-three books were added to replace worn out copies, and are not included in the accessions.

The number of books in circulation on January 1, 1917, was 1481 volumes.

During the summer months the entrance hall, stack-room, reference room and lavatory were redecorated. The public hall, rented by the Woman's club was beautifully finished at the expense of one of the Club members.

The circulation according to class is as follows:

General works, bound magazines, etc..	63	
Philosophy	154	
Religion	122	
Sociology	227	
Philology	18

RATES.

All customers are supplied through meters. The minimum charge is six dollars per year, which entitles the consumer to 2,000 cubic feet during the year. Rentals are collected quarterly. For the first 1,000 feet or less in each quarter the charge is 30 cents per 100 feet; for the excess over 1,000 feet used each quarter, 20 cents per 100 feet is charged.

Upon all quarterly bills exceeding \$12.50, a discount of 25 per cent of the excess over \$12.50 is made.

No charge is made for private hydrants or for automatic sprinkler service.

There has been no addition to the mains or hydrants during the year, but a large number of the lead or galvanized iron pipe services have been taken up and relaid with cement lined iron pipe.

A new water wheel has been installed in the Bow Street Station and \$2500 paid upon the water debt.

FRANK PROCTOR,

Treasurer.

SUPERINTENDENT'S REPORT.

To the Board of Education:

I submit herewith my second annual report as superintendent of schools of Franklin, it being the sixteenth of such reports.

The object of such a report is to bring to your attention such facts regarding the condition of our schools as shall allow you to make intelligent comparisons of our work with that of former years. It also contains recommendations looking to the further improvement of our schools.

Financial Report.

Receipts.

Incidentals.	835 86	560 99
Balance	237 86	1 19
	\$32,006 41	\$28,698 52

A glance at the above lists shows that the increase of expenditures over those of a year ago is due largely to an increase paid in the salaries and to an increase in the amount paid for repairs and better equipment. The liberality of the City Council, whereby we were given an increased appropriation of almost three thousand dollars over that of a year ago, has enabled us to offer higher salaries when we have been obliged to seek candidates and has also permitted us to retain a number of our teachers who otherwise would have left us. As we increase our salaries we are enabled to be more discriminating in our choice of teachers and more exacting in our demands. Particularly has this been true in our high school and in our eighth grades where an increased salary rate of one hundred dollars has permitted us to choose from an entirely different class of candidates than has been possible heretofore. It has also permitted some of our teachers to do professional work at summer schools. The increased salaries are proving a paying investment for the district.

In addition to the ordinary repairs necessary each year, a sum of over sixteen hundred dollars has been expended in more permanent repairs and better equipment. A system of ventilation has been installed in the older part of the Nesmith building at a cost of about five hundred dollars, a new floor has been laid on the third floor of the high school building at about the same cost, and adjustable seats and desks have been installed in four rooms in the High, Falls, and Nesmith schools at a cost of over six hundred dollars.

The increased cost of all school supplies and the rise in the prices of text books are factors which must be considered in making our next appropriations. The rise in the price paid for number paper from eleven to

thirty-eight cents per package and in composition paper from twenty-three cents to sixty cents per package illustrate an increased demand which must be reckoned with.

Under the several headings may be found the expenditures for the year in detail.

Health.

The local board of health has brought about a strict compliance with the law relating to vaccination, the requirement being that every pupil must be vaccinated or present a certificate from a physician stating that he is an unfit subject for vaccination. A few pupils who failed to comply with the law were for a term excluded from school by the direction of the board of health, but I can report that at the present time compliance with the law is practically complete.

The health of our pupils is safeguarded in every way possible. During the summer vacation many of the school rooms and halls were newly kalsomined both walls and ceiling, the basements were thoroughly white-washed or painted, and floors scrubbed. By a constant use of soap and hot water and a judicious use of disinfectants we aim to prevent all possible sources of school room infection. The adoption of adjustable furniture, which should be extended gradually, will do much toward correcting bad sitting positions which may lead to serious pulmonary and spinal troubles.

Teachers.

Owing largely to the reasons previously stated I am confident that our teachers are a much stronger body than the corp of a year ago. A spirit of harmony exists as well as a professional desire to help in the unfolding of the pupil's intellectual nature and character.

Our Practical Arts and Mechanic Arts departments fill a demand which is recognized in every modern school system today. They tend to recognize the dignity of labor and form a real link between the school, the home,

and the world. Exhibits of the work of each department have brought forth many words of praise. We are glad to place these lines of school work at the disposal of any citizen and to that end solicit orders of work which can be done along the lines of sewing, cooking or woodworking.

Our school music has seen a decided advance the past year, due in part to better adapted and carefully graded books but more to the tactful teaching and the enthusiasm of our supervisor.

Summer Schools.

Ninety-four pupils attended the sessions of our summer school of whom eighty-two were enabled to enter their grade in September with a clean record. Some of these pupils had fallen behind through sickness, some had moved here previous to the opening of the school and were unprepared for the work which their age demanded, while some had fallen back through a lack of individual assistance. The summer school afforded these pupils an opportunity to regain their proper standing and in many cases made a difference of a year in the school life of a pupil possible.

Evening Schools.

An appropriation by the City Council made it possible for the district to take up the work among the non English speaking people of our city. This work was begun and admirably carried on in the spring by organizations connected with the Methodist Church, aided financially by local individuals and corporations.

Sessions are now held on Monday, Tuesday and Thursday evenings and over eighty persons of French, Greek, Austrian, Syrian, Hebrew or Polish parentage have been enrolled. Reading and writing in the English language, spelling and language constitute the principal work among these people as most have acquired all the principles of arithmetic which their work demands. One class has been formed of girls who had

completed the work of the graded schools with one or more year's work in the high school and who wished to review their earlier work.

With the men the object sought is the securing of such ability in reading and writing that they may obtain naturalization papers and become voters. Their interest is unbounded and their efforts are remarkable both in their intensity and in the results secured. The school has been open twenty sessions at the time of writing and what has been accomplished in that short time is almost unbelievable to one not familiar with the work.

The object of the schools is not simply to make voters but to give these people a more clear idea of our American institutions and make them more intelligent citizens with the purpose of rightly using rather than abusing their citizenship. I believe that this appropriation is a wise expenditure of money for the city and I would recommend further appropriation for the coming year.

High School.

I believe that our high school is stronger than a year ago but I also believe that a further enrichment of its courses is advisable. The bookkeeping should be extended and supplemented with other commercial work, the domestic arts course and the manual arts course should be extended year by year throughout the entire four year's course; the study of German should be more general than at present while Spanish is being adopted as a study in many first class high schools at present. I believe that the length of the school year for the high school, at least, should be thirty-eight weeks, two weeks more than at present. This will put us on more even footing with other high schools.

Our great need in the high school is more room. Every recitation room is used to its limit of capacity for almost every period of the day making the introduction of new work almost prohibitive. If our city continues to grow it must face the problem of more adequate school accommodations within a few years.

Junior High School.

In many school systems the question of increased school accommodations is solved by the adoption of the Junior High School. This system provides for six years in the elementary schools, three years, comprising our present seventh, eighth, and ninth years are combined in what is called the Junior High School, and the remaining three years in the High School proper. Some choice of lines of work is permitted in the Junior High School, a closer connection between the high school and the lower grades is possible and authorities in school work are agreed that the movement is sound in every aspect as well as practical. This may be the way to settle our own question a little later.

Parent-Teacher Association.

During the past year a Parent-Teacher Association has been formed having for its object a closer relation between the home and the school. All interested in our schools, which should include every citizen, are eligible to membership and are urged to become actively connected with the organization. It is capable of being a power for much good in this city.

Recommendations.

I would recommend:

1st. Liberal appropriations for salaries in order that we may maintain the efficiency of our teaching force.

2nd. An appropriation for the painting of the Nesmith and Morrison buildings.

3rd. An appropriation for more adjustable furniture in our schools.

4th. A lengthening of the high school year.

5th. A larger appropriation for evening schools.

6th. A consideration of our need for greater accommodations, to be solved, possibly, by the adoption of the Junior High School system.

In conclusion, I desire to thank the Mayor and Council for their kind consideration, the Board of Education for their full and hearty support, and the teachers for their loyalty and cooperation.

Respectfully submitted,

GEORGE A. KEITH.

High School Report.

Mr. George A. Keith, Superintendent of Schools:

In the fall of 1916 the High School had a smaller enrollment than the year before. This last fall the number was 227, while the year before it was 239. The reason for the decrease is not certain, but it is a significant fact that 54 pupils, who were members of the school during the year 1915-1916, were not in the school at the beginning of the school year 1916-1917. This does not include the seniors who graduated. Of these 54, 32 left during the year and 22 failed to return after the summer vacation. This means that 25 percent of those who might have continued their high school education dropped their studies.

It is not possible to prevent all pupils from leaving before their time for graduation, and it is not advisable in some cases; but parents and pupils ought to feel that a high school education, the whole of it, is very desirable.

Pupils are kept in school for two reasons: first, because the teaching is good and, second, because the courses appeal to them and to their parents. Pupils are, besides, more likely to stay in the high school if they are not older than they should be when they enter. It is noticeable, in this connection, that a large percentage of those who left were older than the average age of their class.

Studies.

The studies taught this year are the same as were listed in full in last year's report. The comments made at that time seem applicable at the present as well as then. It is a fact, moreover, that may be mentioned for what it is worth, that practically all of the other high schools of

New Hampshire, which approach ours in numbers, offer more curricula or courses than we have to offer.

It will be two more years before the school is fully organized upon a four-year basis. This year the sophomore class contains about a hundred pupils, or nearly half the school. Next year the junior class will be the numerous one and the problem of giving them the required laboratory training will be complicated.

The movement known as the Junior High School, which has been started in several places in New Hampshire and in various other places, should be of interest to Franklin. It raises the question whether it would be expedient to introduce higher studies for pupils who are now in the elementary school. There are advantages in letting pupils get a good start in high school studies when they can be directed in their work more closely by their teachers than is the case with the usual high school. With us, and with other high schools, there are more failures, actually and proportionately, in the first year than in any other year of the high school.

Salaries.

The decision of the Board to raise the salaries of the assistant teachers is much to be commended. It will have a tendency to improve the school in several ways. The teachers, for instance, will feel better able to attend the excellent courses offered by summer schools, and three of the teachers availed themselves of this opportunity the past summer. It will be possible to obtain more experienced teachers at the start and to retain them longer. Higher qualifications have been demanded of teachers during recent years. In New Hampshire, especially, it is advisable for teachers to be familiar with the educational conditions prevailing in the state, since they are different from other states in many particulars.

A Gymnasium.

The Alumni Association for some years have had the plan of presenting a gymnasium to the school. More recently, they have appointed a committee to find ways and means of getting the building constructed within a com-

paratively short time. This movement should meet with strong support from the School Board, the Council, and individuals financially able to assist. Such a building can be used for a general assembly room, and for other purposes, as well as for recreation and physical training.

I have written before of the advisability of physical training. Since last year's city report was printed, as a result of the discussions concerning national preparedness, the State of New York has introduced a plan for compulsory physical training for both the elementary and secondary schools of the state. I wish something of the sort might be begun through legislative action in New Hampshire; but with the facilities offered by a gymnasium we can do it ourselves in Franklin, without waiting for a compulsory law.

But there is a small thing, apparently, that parents can do to help their children physically, which will be of great service and which would be really necessary even with a systematic course of physical education in the schools. This is to see to it that their children sit and stand erect at all times at home, when reading or studying, when working, or when sitting at meals. The development of a well expanded chest is due to constant habit, and this habit can be greatly weakened or strengthened at home.

Parent-Teacher.

This suggests a reference to the Parent-Teacher Association which has recently been organized in Franklin. It is to be hoped that the meetings will be well attended regularly. They ought to be of service to parents of high school pupils as well as of the younger ones. Such an organization will find its usefulness increase with years. Some meetings will serve one purpose, other meetings will serve other purposes. In the end many things may be accomplished if interest is maintained.

The Daniell Scholarship.

The Daniell scholarship, the conditions of which are printed near the close of the city report, was awarded a second time to Mr. Ernest L. Schwartz. After two more years this scholarship will probably be available for another student. In order to receive it a pupil should be an excellent scholar with efficient habits of study, and with good health. For those young men who are fitted for it the Massachusetts Institute of Technology gives as good a technical education as any institution in the world.

Respectfully submitted,

HARRY PREBLE SWETT.

REPORT OF INSTRUCTOR OF MANUAL TRAINING.

Mr. George A. Keith, Superintendent of Schools:

I herewith submit my second annual report.

Perhaps the most successful year thus far in the history of this department has just passed.

The growing demand for this line of work, particularly in the High School, and the interest manifested by the boys in their labor show us more and more that Manual Training has finally secured a firm foundation in our school.

This ever increasing desire on the part of the student for such training warns us that in the near future the enlargement of this department cannot be avoided.

The supervisor believes that to successfully meet the desire which has been kindled among our students proper accommodations should be secured. It would then be possible to introduce various courses in metal work, simple construction in cement, etc., in conjunction with our well established courses in wood work.

The introduction of such courses correlated to a certain degree with the academic subjects now in vogue would enable us to give the student a much broader training than he is at present able to obtain, thereby fitting him to better cope with the numerous difficulties that may arise in the walks of everyday life.

The work completed the past year has been similar to that of the previous year except for the introduction of more difficult and practical problems.

Several articles have been made and others repaired for the benefit of the school and a few orders have been filled for different citizens of our community. We have at present under construction two large bookstacks to be used in the Circulating Library across the river.

Two public exhibits have been held during the past year and the encouragement that our students have received from such exhibitions has helped to make the work most successful this year.

Referring to my report of a year previous relative to the purchasing of two new machines to replace the ones now in use, I sincerely trust that some favorable action may be taken by the Board as soon as convenient so that the satisfactory work now in progress may not be retarded by the lack of the necessary equipment.

In conclusion I wish to express my appreciation to all with whom I have been associated, and to say that at all times visitors are most cordially welcome.

Respectfully submitted,

HAROLD B. ADAMS.

REPORT OF INSTRUCTOR IN DOMESTIC ARTS.

Mr. George A. Keith, Superintendent of Schools:

I herewith submit my first report as teacher of Domestic Arts in the Franklin Schools:

The work in Domestic Arts has followed as closely as possible that of the preceding years. There are seventeen girls in the Freshman class and eighty-two girls in the grades. Those in the sixth grade have one hour each week of hand sewing. They learned to baste, run, hem, overhand, overcast and backstitch. They are making bags and sewing aprons.

In the seventh grades the girls have one hour each week, alternating with cooking and sewing. They learn to cut from patterns and are making nightdresses and bungalow aprons by hand. In cooking they have made preserves and jelly and have kneaded bread, made ome-

lets, tomato soup and potato soup, and baking powder biscuit.

Those in the eighth grade give one hour each week alternating with cooking and sewing. The cooking has been similar to that in the seventh grade. In sewing they cut from patterns and learn to run the machine, making nightgowns, aprons, waists, and corset covers.

The Freshmen give eighty minutes each day to cooking or sewing. The first seven weeks were spent in filling orders for canning and preserving. Grape, grape and apple, crabapple, apple and cranberry, apple and quince apple, quince and cranberry jelly, apple butter, quince honey, marimalade (quince and orange), canned pears, peaches, crabapples, tomatoes, preserved quince, piccallili, gherkins, ripe cucumber pickle, mustard pickle, catsup, and mincemeat were made. Then bread and rolls were made to fill orders; also cakes, cookies, and cream puffs. Besides the yeast mixture, baking powder and egg mixtures have been made to illustrate the difference between yeast, baking powder, and beaten eggs as leavening agents. Two dinners have been served by the girls who prepared them after making out the menus. They had previously been instructed as to the composition of the body and the foods necessary to supply the needs of the body. Instruction in the cuts of meat, as well as the composition and value, was given; the practical work on meats comes when the meat is prepared and cooked for the dinners. They also prepared and cooked soup, vegetables, and desserts at these times. The girls in the Freshman class are required to keep up their note-books and to hand them in for inspection each month.

The girls seem very much interested in the work and many of them repeat the receipts used in class at home, thus gaining in efficiency.

Respectfully submitted,

DOROTHY BURR,

Instructor in Domestic Arts.

REPORT OF THE SUPERVISOR OF DRAWING.

Mr. George A. Keith, Superintendent of Schools:

I herewith submit my second report as teacher of Drawing in the Franklin Public Schools.

During the winter and spring terms of 1916 the drawing in the grades consisted of object drawing, design, and nature drawing. The media used were pencil, crayon, ink and watercolor. In the lessons in object drawing the children worked both from drawings on the blackboard and from the objects, according to the purpose of the lesson and the grade. The design lessons were devoted to making Valentines and Easter cards. For nature drawing the children studied the spring flowers, using crayons in the lower grades and ink and watercolor in the upper grades.

The work of the fall term this year has consisted of nature drawing, utilizing fall flowers and fruits, and representation, also freehand cutting in the lower grades. In the upper grades there have been many design lessons culminating in Thanksgiving and Christmas cards. A lesson in construction produced envelopes and boxes.

In the High School the work of the winter and spring terms contained lessons in representation, perspective and design. The chief problem in two classes last spring was the drawing of a room in perspective, the designing of simple furnishings, and the choosing of a color scheme for it. Another class made some wood-carving designing for the Manual Training Department.

This fall the work in the Freshman class has been of a different nature. The manual training boys have been studying furniture, its design and construction; the others have been studying design in relation to house furnishing. They have also made Thanksgiving menu and place cards. The second year students are making calendars with suitable decoration in poster style. The mechanical drawing class has had lettering and simple problems in orthographic projection. Advanced students have started elementary machine drawing.

Respectfully submitted,

GERALDINE M. RIDEOUT.

REPORT OF THE SUPERVISOR OF MUSIC.

Mr. George A. Keith, Superintendent of Schools:

I herewith submit my fifth annual report.

In January 1915, it was possible to put the New Educational Music Course in the remaining grades where it was not put previously. This gives us a definite course to follow from the first year in school to the High School as the material is carefully graded and is of excellent quality.

The grade work is beginning to show results of the system used for the past four years and much more is hoped for as time goes on.

The High School chorus during the year of 1915-1916 was the best that I have had. Owing to graduations and other reasons we lose some good leaders each year. Such is the case this fall, the chorus is not as good as usual. We are weak on bass and tenor parts but hope that it may be remedied to a greater or less degree. During the winter and spring terms, aside from general chorus work, we did all the choruses from "The Rose Maiden" by Cowen. This fall we have been working on "The Building of the Ship" by Lahee. The singing of this class of material is what I aim at for High School chorus work. We did a number of Christmas carols as our observance of the Christmas season.

The violin classes referred to in my last report continued through June. This fall, owing to an advance in the price of lessons and some changes in teachers during the summer, there was not a sufficient number to make it worth while for a teacher to come here, so the matter is dropped at present. Nearly all have continued with the work so that the incentive given them to start has not been without profit. Three who began when the classes first started a year and a half ago are able to play with the High School orchestra.

The Girls' Glee Club has become a regular and popular feature outside of High School. In May a very successful concert was given assisted by the Boys' Glee Club and High School Orchestra. The funds from this and a previous concert have given us plenty of money to care for the expenses of music for all three organizations.

without any help from the School Board, a thing I have hoped for from its organization.

A Boys' Glee Club has made a start this fall and I am hopeful for good things.

The High School Orchestra has promise of being as good if not better than any we have had thus far.

I cannot close without making mention of the very efficient work which Miss Flora Simond has given during my four years in the schools here, as accompanist, and to her, the chorus, glee clubs, orchestra, and I are greatly indebted for accurate and faithful work.

At this time I wish to thank the Superintendent, Board of Education, and teachers for their hearty support in all that I am trying to do for the musical upbringing of our children.

Respectfully submitted,

JULIA ESTELLE CLIFFORD,

Supervisor of Music.

SCHOOL PHYSICIAN'S REPORT.

To the Board of Education of the City of Franklin:

I herewith submit my third annual report as School Physician:

High School.

Number of pupils examined	216
Cases of defective teeth	21
Cases of adenoids	1
Cases of unvaccinated	3
Cases of defective vision	17
Notices of defects sent to parents	41
Defects remedied since last examination	37

Hancock and Falls Schools.

Number of pupils examined	320
Cases of malnutrition	1
Cases of orthopedic defects	1
Cases of defective teeth	101
Cases of hypertrophied tonsils	7
Cases of adenoids	2

Cases of defective breathing	11
Cases of unvaccinated	8
Cases of defective vision	32
Cases of defective hearing	1
Cases of cleft palate	1
Cases of pediculosis	8
Notices sent to parents	137
Defects remedies since last examination.....	46

Nesmith School.

Number of pupils examined	122
Cases of orthopedic defects	2
Cases of defective teeth	19
Cases of hypertrophied tonsils	2
Cases of defective breathing	9
Cases of unvaccinated	6
Cases of pediculosis	5
Cases of defective vision	12
Defects remedied since last examination.....	16

Morrison School.

Number of pupils examined	11
Cases of defective teeth	6
Cases of defective breathing	1
Defects remedied since last examination.....	2

Golden Rule School.

Number of pupils examined	12
Cases of defective teeth	3
Cases of hypertrophied tonsils	1
Cases of adenoids	1

Orphans' Home School.

Number of pupils examined	137
Cases of nervous disease	1
Cases of skin disease	3
Cases of orthopedic defects	2
Cases of defective teeth	52
Cases of hypertrophied tonsils	12
Cases of adenoids	24
Cases of defective breathing	18
Cases of gland disease	1

Cases of unvaccinated	24
Defects remedied since last examination	15
No. of instances of treatment the second time since last examination	110

The pupils of St. Mary's School were not examined last year. The large number of unvaccinated reported in this school last year have been vaccinated, thanks to the persistent efforts of the Board of Health.

The ventilation at the Nesmith School has been greatly improved and adjustable seats installed in one room. Three rooms in the High School building have also been supplied with new modern seats.

I again urge parents to pay careful attention to the notices pointing out defects in breathing, eyesight and defective teeth.

Respectfully submitted,

E. T. DRAKE,

School Physician.

NEW TEACHERS.

High School.

Miss Eleanor W. Hatch, A. B., was graduated from St. Albans High School and Middlebury College. Miss Hatch taught three years in Conant High School, East Jaffrey, N. H. Teaches English and History.

Miss Ethel C. Magoon, A. B., was graduated from North Stratford High School, Cushing Academy and Middlebury College and attended Columbia University Summer School in 1916. Miss Magoon taught one year in Groveton, N. H., High School and Rochester, N. H., High School. Teaches English.

Miss Helen M. Mullin, A. B., was graduated from Franklin High School and Mt. Holyoke College. Miss Mullin taught three years in New York state, three years at Arms Academy, Shelburne Falls, Mass., and one year in the Norwood, Mass., High School. Teaches Physics, Chemistry, Economics and French.

Miss Dorothy I. Burr, B. S., was graduated from the East Providence High School and from Rhode Island State College. Miss Burr did practice teaching in Kingston, R. I. Teaches Domestic Arts.

Falls School.

Miss Florence M. Shaw was graduated from Tilton Seminary and Plymouth Normal School. Miss Shaw taught in Suncook one year and in Tilton seven years. Teacher of the eighth grade in the Falls School.

Miss Mary C. Gilmore was graduated from the Goffstown High School and from Plymouth Normal School. Miss Gilmore taught five years in Goffstown. Teacher of the seventh grade in the Falls School.

Miss Helen E. Clement was graduated from Pinkerton Academy and attended summer sessions at Plymouth Normal School and Keene Normal School. Miss Clement taught in Chester, Vt., four years and Goffstown four years. Teacher of the sixth grade.

Nesmith School.

Miss Clara B. Wells was graduated from Oberlin Academy and Oberlin College and from Miss Rust's Kindergarten Training School. Miss Wells taught primary grades

in Arkansas four years and a private kindergarten for one year. Teaches the kindergarten at the Nesmith School.

Morrison School.

Miss Grace B. Brown was graduated from the Ashland High School and from Plymouth Normal School. Miss Brown practiced in the grades at Plymouth. Teaches at the Morrison School.

HIGH SCHOOL GRADUATION.

Program.

"Triumphal March," from "Aida," Verdi, High School Orchestra.

Prayer, Rev. Charles E. Lewis.

Salutatory—The History of the Violin, Maurice Harold Simond.

The Child and the Reformatory, Ruth Elizabeth Sawyer.

"Bridal Chorus," from "The Rose Maiden," Cowen, High School Chorus.

City Railroads, Leonard Romeo Nourie.

Class History—Regina Magdalene Piper.

"Hark! Hark! The Lark," Shubert, Words by William Shakespeare, Girls' Glee Club.

The Ladies of the White House, Helen Eastman Holmes.

Class Prophecy—Robert Walter Bailey.

Valedictory—American Literature Since the Civil War, Ruth Augusta Williams.

Presentation of Diplomas.

"Drift-Wood," G. L. Cobb, High School Orchestra.

CLASS.

Motto:—*They build too low who build beneath the stars.*

Robert Walter Bailey Beatrice Ursula Cunningham

Forrest Richard Hopkins Emma May Cunningham

*Honor pupils who have attained a rank of 90 percent or more for the course.	

ROLL OF PERFECT ATTENDANCE

For the Year 1915-1916.

High School—Raymond Colby, Edward Dean, M. Clifford Edwards, Earl J. Gage, Earl W. Harris, Maurice Hodgdon, Howard Kelley, Howard Kidder, Della W. Lambert, Ervin H. Lewis, William Martin, Walter Marsden, William Parkhurst, Ellsworth Partelo, Wesley Simonds, Rachel Buchanan, Edith Butler, Merriam Downes, Jeanette French, Flora Gomo, Flossie Heath, Beatrice Hebert, Mildred Jenks, Flora Lane, Grace Lynch, Margaret McDonald, Ellen Mullin, Juliette Perreault, Mary Roach, Eleana Schmidt, Bernice Sinclair, Ida Sorette, Arline Sylvester, Alice Teague, Marion D. Williams.

Falls 8—Hazel Kirk, Robert L. Daniell, Fred Paige.

Falls 7—Gladys Howe, Clayton Morrill, William Huntoon, Wallace Cutler.

Falls 6—Kathrine Huntoon, Doris Belmore, Cathaleen Roach.

Falls 5—Lillian Eliasson, Elizabeth Kelley, Miriam Short, Merwin Matthews.

Falls 4—Alexina Boucher, Yernage Sanborn, Barbara Swett, Bernard Scribner, Donald Paige.

Hancock 3—Olive Cutler, Howard Garand.

Hancock 2—Phyllis Merrill, Chester Bowers, Vernal Pollard.

Nesmith 7-8—Cora Adams, Berl Clark, Harry Bushman, Clarence Downes.

Nesmith 6—Wenona Edmunds.

Nesmith 3 and 5—Harold Jaastad, Sherman Taylor.

Nesmith 4—Donald Johnson, Ruth Davis.

Nesmith 2-3—Kendall Edmunds.

Nesmith 1-2—Arline Farnum, Elwyn Southmayd.

Morrison School—Birmingham Minah.

A resolution relating to the care of plans, engineering instruments belonging to the City.

Resolved by the City Council of the City of Franklin, as follows:

That from this date, no plans, profiles, blue prints, note books or other engineering data and information belonging to the City shall be loaned to any person to be taken from the City Hall. That no engineering instruments of any description shall be loaned to any person for private use and they shall be used for City purposes only.

Approved.

A. A. BEATON, *Mayor*.

Passed June 5, 1916.

In the year of our Lord one thousand nine hundred and sixteen.

A resolution relating to the exemption from taxation for a term of ten years of an addition to the Franklin Mills.

Resolved by the City Council of the City of Franklin, as follows:

That the City of Franklin hereby exempts from taxation for a term of ten years from date an addition to the Franklin Mills to be erected at once, not intending hereby to exempt from taxation any property now taxable within the limits of said city, nor the State and County tax on the proposed building.

Approved.

A. A. BEATON, *Mayor*.

Passed October 2, 1916.

In the year of our Lord one thousand nine hundred and sixteen.

A resolution pertaining to soldiers serving on the Border.

Be it resolved by the City Council of the City of Franklin, as follows, to wit:

Whereas certain citizens of Franklin are now serving in the Machine Gun Company on the Mexican Border and are in fact members of the United States Army, and as members of the regular army of the United States are not required to pay a poll tax, now therefore be it—

Resolved by the City Council of Franklin that the Board of Assessors be and are hereby instructed to abate any and all poll taxes assessed for 1916, against any citizen of said Franklin now serving in said Machine Gun Company, and if any member shall have paid a poll tax for 1916 the same shall be refunded to him.

Approved.

A. A. BEATON, *Mayor*.

Passed December 5, 1916.

ORDINANCES.

An ordinance relating to sewers.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. That the resolution of the City Council adopted May 10, 1895, relating to sewers, be, and the same hereby is, so far modified as to provide for a special assessment or charge only on such persons or corporations as have already, or may hereafter, connect with the new system of sewerage.

Sec. 2, That no person or corporation shall be required to connect with any sewer except by direction of the Board of Health of the city or the City Council.

Sec. 3. All persons who have already, or shall hereafter connect with the new system of sewerage, shall pay to the city the following sums, to wit: For each tenement of seven rooms or less, fifteen dollars; for each additional room in a tenement in excess of seven, two dollars.

Space in buildings occupied wholly or in part for stores, manufacturing, or other purposes than private barns, cellars and store houses or store rooms, or out-buildings, shall be reckoned and paid for on the basis of one hundred and fifty square feet of floor space as one room when connected with the sewer.

Sec. 4. All persons who have already connected with the new system of sewerage shall pay to the City Clerk the amounts for which they are liable under the provisions of Section three within thirty days after the passage of this ordinance, with interest thereafter, and the City Clerk is hereby directed to collect the same.

Sec. 5. No person shall hereafter connect with any public sewer without first obtaining a permit therefor signed by the City Clerk and countersigned by the Highway Agent, and before such permit is issued to connect with the new system of sewerage such person shall pay to the City Clerk the sums for which he would be liable under the provisions of Section three.

Sec. 6. In any case where connection with a sewer is made by the Board of Health, through the neglect or refusal of the owner to comply with their orders so to do, the amount provided to be paid therefor in Section three shall become at once due and payable and collected by the City Clerk, but the City Clerk may issue a permit in such cases without prepayment.

Sec. 7. Every permit to connect with any public sewer issued by the City Clerk shall contain the name of the owner, the number of tenements and rooms in each for which the permit is granted, the location of the tenements and amount paid for such permit, a record of which shall be made by the City Clerk in a book kept for that purpose.

Sec. 8. All connections with any public sewer shall hereafter be made under the supervision of the Highway Agent and in accordance with his directions, and it is hereby made the duty of the Highway Agent to see that all such connections are securely made and in the safest and best manner and that only proper pipe and other materials are used.

Sec. 9. No person or corporation shall deposit any garbage, offal, filth or any substance having a tendency to obstruct the flow of sewage in any manhole, flush tank or sewer opening.

Sec. 10. All fixtures connected with private sewers leading to the public sewers shall be provided with suitable traps and strainers to prevent the introduction of all solids or anything that would obstruct the flow in the pipes.

Sec. 11. Any person violating the provisions of Sections five and eight, nine and ten of this ordinance shall be fined not less than twenty dollars.

Sec. 12. This ordinance shall take effect upon its passage.

Approved. E. H. STURTEVANT, *Mayor*.
Passed May 4, 1896.

An ordinance relating to building in the compact part of the city of Franklin, as follows:

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. No buildings shall hereafter be erected on the north side of Central street, between Sanborn bridge and Daniell bridge; on the south side of Central street between Sanborn bridge and Church street; on Franklin street between Central street and Church street, except the same is constructed with solid outside brick walls at least twelve inches thick.

Sec. 2. This ordinance shall take effect upon its passage.

Approved. E. H. STURTEVANT, *Mayor*.
Passed May 4, 1896.

An ordinance relating to sewers and in amendment of an ordinance passed May 4, 1896.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. Any person connecting with a public sewer, who will sign a written request therefor, may pay an annual rental or tax as follows: For each tenement of seven rooms or less, \$2. For each additional room, in a tenement, thirty cents, payable in advance. The first payment when the permit is granted, subsequent payments to be collected by the Collector with other taxes.

Such rental shall cease whenever such party shall pay the fee heretofore prescribed and any sums due for such rental.

Sec. 2. This ordinance shall take effect upon its passage.

Approved. E. H. STURTEVANT, *Mayor*.
Passed November 2, 1896.

An ordinance for the promotion of cleanliness in public streets and places.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. No person shall distribute in any public highway within the city, any printed hand-bill, circular or advertisement of any kind.

Sec. 2. No person shall place, throw or deposit upon any public highway, within the city, or upon any sidewalk therein, any paper, garbage, waste or refuse matter of any kind.

Sec. 3. No person shall spit upon the floor of any public conveyance, shop, store, hall, church, schoolhouse, railroad station or other public building in said city, or upon the steps of said conveyances or buildings, or upon the sidewalk of any public street or way in said city.

Sec. 4. Any person convicted of any violation of either section of this ordinance shall be fined not exceeding ten dollars.

Sec. 5. This ordinance shall take effect from and after its passage.

Approved. FRANK H. DANIELL, *Mayor*.
Passed October 2, 1899.

An ordinance relating to cemetery trust funds.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. That Chapter 40, Session Laws of this state for 1899, in which it is provided that (Section 1):

"Any town or city which now holds, or hereafter may hold in trust, by bequest or otherwise, any fund for the care of any cemetery or private lot therein, may pay the same into the town or city treasury, and so long as the same remains therein, said town or city shall pay thereon an annual income at the rate of three and one-half per cent, which income shall be expended in accordance with the terms of the trust by which said fund or funds is held (Section 2.) This act shall not be in force except in such towns and cities as by vote of the town, or City Council shall so elect."

Be and hereby is adopted and in force in this city, and the City Council so elects.

Sec. 2. This ordinance shall take effect and be in force upon its passage.

Approved: RUFUS G. BURLEIGH, *Mayor*.
Passed September 3, 1900.

An ordinance in relation to the duties of the City Auditor.

Be it ordained by the City Council of the City of Franklin as follows:

It shall be the duty of the City Auditor annually, in the month of December, to examine the accounts of the Collector of Taxes and to notify every delinquent tax payer of the amount of his taxes remaining unpaid, by mailing to each in a sealed envelope a copy of this ordinance, together with a statement of the balance due as it appears upon the tax list.

Approved: RUFUS G. BURLEIGH, *Mayor*.
Passed December 3, 1900.

An ordinance relating to the names of streets and their numbers.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. That the names of the streets of the city of Franklin shall be as indicated on the map in the annual report of the city of Franklin, of 1895, with addition of new streets and avenues since laid out, with the following exceptions: That the southern section of Pemigewasset street, running east from North Main street, shall be known as Gerrish street. That the street running from Depot street to Franklin Heights shall be known as Summit street. That the street leading north from Summit street to Pleasant Valley shall be known as Valley street. That the street west of Valley street, leading south from Summit street, shall be known as Gilman street. That the street running north from Central street

near Republican bridge, to Cate brook, shall be known as Glenwood avenue. That the street running northwest from Bow street over Cheney hill to Glenwood avenue shall be known as Cheney street. That the street running west from Bow street past what is known as Davis' block to Glenwood avenue, shall be known as Glen street. That the section of Maple street, running north from foot of Willow hill, then east to that section of Maple street running north, shall be known as Willow Street. That the section of Winnipiseogee street running south from Central street to that section running east, shall be known as River street. The street running east, then north from Franklin street, opposite Church street shall be known as Ayles court. That the section of High street east of the Franklin & Tilton R. R., shall be known as East High street and that section west of said railroad shall be known as West High street. That the street running east from Memorial street to Smith street shall be known as Canal street. That the name of Peabody avenue shall be changed to Peabody place. That the name of Railroad avenue shall be changed to Railroad street.

Sec. 2. The Mayor and Council shall from time to time, as the convenience of the public may require, designate the numbers to be affixed to the buildings on the several streets and squares in the city, and shall designate the names of new streets when laid out. In all streets the odd numbers shall be on the right hand side, and the even numbers on the left hand side of the streets in the progressive order of numbering, commencing with the lowest numbers and proceeding therefrom with increasing numbers as follows: The numbering of North Main street shall commence at the southerly end at junction of Central and South Main streets. The numbering of all streets connecting with North Main shall commence at North Main street. The numbering of South Main street shall commence at the northerly end at junction of Central and North Main streets. All streets connecting with South Main shall commence numbering at South Main street. The numbering of Summit, Wells and Salisbury streets shall commence at Depot street. The numbering of Valley and Gilman streets shall commence at Summit street. The numbering of Central street shall commence at the westerly end at junction of North and South Main streets. All streets connecting with Central street, ex-

cept Bow and Pearl streets, shall commence numbering at Central street. Bow street shall commence numbering at what is known as Paper Mill square. All streets connecting with Bow street shall commence numbering at Bow street. The numbering of Thompson street shall commence at Glenwood avenue. The numbering of Pearl street shall commence at the southerly end. The numbering of Canal street shall commence at Memorial street. The numbering of School, West High and Winnipiseogee streets shall commence at River street. The numbering of Ayles court and Grove street shall commence at Franklin street. The numbering of Railroad, Elkins and View streets shall commence at School street. The numbering of East High and Russell streets shall commence at Railroad street. The numbering of Spring street shall commence at Prospect street. The numbering of all streets running east from Prospect street shall commence at Prospect street. The numbering of all streets east of Prospect street running parallel with Prospect street shall commence numbering at the northerly end. All streets connecting with Sanborn street shall commence numbering at Sanborn street.

Sec. 3. Every entrance to a building fronting the street shall be designated by a separate number. In the residential portion of the city every lot with a twenty-five-foot front shall be designated with a separate number, and in the business portion of the city every lot with a twelve and one-half foot front shall be designated with a separate number. The business portion of the city is embraced within the following limits: North and South Main streets, between Webster and Depot streets, Central street between River street on the west and Bow street on the east, Smith, Canal, Memorial and Church streets and Franklin street from Central to School streets.

Sec. 4. Any person who shall affix or suffer to be affixed to or shall allow to remain upon any building, any different number from the one designated by the Mayor and Council, shall be fined not less than one or more than five dollars, and a like penalty for every day he shall suffer such building to be so numbered after his first conviction of violating the provisions of this section.

Sec. 5. That measurement of each street in the city shall be made according to provisions of section three of this ordinance, determining the correct number of every

entrance as provided for in section three of this ordinance, and that a correct record of same shall be kept on file in the office of the City Clerk in a convenient manner for the reasonable use of the public at all times. That there shall be transmitted by the person authorized by the committee on ordinances to make said survey, a notice and statement giving name of the street, the name of the owner, the name of the occupant, and the number of the building, together with instructions for procuring and fixing same.

Sec. 6. That the owner of the property shall within sixty days after receiving said notice as per section five of this ordinance, cause to be affixed to every entrance of a building fronting the street, mentioned in said notice, a metallic or other suitable number at least two inches in height, and so situated as to be plainly visible at all times from the street.

Sec. 7. If the owner of any building, after receiving said notice as per section five of this ordinance, fails to comply with the provisions of section six of this ordinance, the said owner shall be fined not less than one or more than five dollars, and a like penalty for every day which the said owner shall neglect so to do after his first conviction.

Sec. 8. This ordinance shall take effect on its passage.

Approved. RUFUS G. BURLEIGH, *Mayor*.
Passed April 1, 1901.

An ordinance in relation to attendance of scholars.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. Any child in the city between the ages of six and sixteen years, without a regular and lawful occupation, who shall, except in cases of ill health, be absent from school more than one day during the space of any one month, unless excused by the teacher of the child, shall be fined not exceeding ten dollars for each offense.

Sec. 2. This ordinance shall take effect on its passage.

Approved. RUFUS G. BURLEIGH, *Mayor*.
Passed May 13, 1901.

An ordinance relating to fire alarms.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. When an alarm of fire has once been given upon the fire alarm system of the city, it shall be the duty of the person giving the alarm to remain at the box in charge of the same until the arrival of some person detailed to guard such box, except when the fire is upon the premises of the person giving such alarm.

Sec. 2. No person shall ring in a second alarm except under the direction of an engineer of the fire department.

Sec. 3. The chief engineer, or in his absence one of the assistant engineers, shall at once, upon the sounding of an alarm upon the fire alarm system, detail some person to supervise and watch the box from which the alarm was given, and it shall be the duty of such person to remain at said box and protect the same from any person interfering therewith until he is relieved by said engineers.

Sec. 4. Any person violating the provisions of this ordinance or disobeying the orders of an engineer under it shall be liable to a fine not exceeding twenty dollars for each offense.

Sec. 5. This ordinance shall take effect on its passage.

Approved. RUFUS G. BURLEIGH, *Mayor*.

Passed June 3, 1901.

An additional ordinance for the promotion of cleanliness in public streets and places.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. No person or corporation in possession or control of any real estate adjoining a public street, shall place or permit to remain on the premises so occupied by him, any paper or waste matter or substance of any kind, in such a position or place that the same can be carried by the wind upon the public street.

Sec. 2. Every person or corporation keeping for sale at retail on premises adjoining a public street, fruit, nuts, or other goods from which waste is liable to be thrown upon such street, shall keep the highway abutting on the premises occupied by him to the center thereof free and clear of waste substances and matter from such class of

goods as are kept for sale by him at such store, and shall keep and maintain in a wholesome condition all such receptacles for waste matter as may be located by the city upon or adjoining the premises occupied by him.

Sec. 3. No person shall injure, disfigure, destroy or remove any receptacle for waste matter placed by the city upon any public street or place, or place therein any substance for which such receptacle was not designed.

Sec. 4. It shall be the duty of the city marshal and every policeman when on duty to see that this ordinance is strictly observed, and when unable to cause the removal of any such waste matter from the streets by the person depositing the same, he shall forthwith remove the same himself.

Sec. 5. Any violation of this ordinance shall be punished by a fine not exceeding ten dollars.

Sec. 6. This ordinance shall take effect on its passage.

Approved. RUFUS G. BURLEIGH, *Mayor*.

Passed Aug. 5, 1901.

Resolved by the City Council of the City of Franklin as follows:

That the following rule for governing the action of the Council be and the same hereby is adopted:

Rule 1.

No vote shall be adopted by the Council appropriating money, or incurring a debt exceeding five hundred dollars, at the same meeting at which the resolution is proposed, except by vote in favor thereof by seven members at least of the Council taken by a yea and nay vote.

Approved. RUFUS G. BURLEIGH, *Mayor*.

Passed Nov. 4, 1901.

An ordinance for the prevention of accidents upon the highways.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. No person shall drive any horse upon the highways of the city with a cow-bell or any other thing attached to the horse, harness or vehicle, that makes an unusual noise and frightens horses.

Sec. 2. Persons directing automobiles or other vehicles propelled by motors upon the highways of the city, shall upon meeting or passing other vehicles drawn by

horses, which are frightened thereby, come to a full stop or reduce the rate of speed to such extent as necessary to avoid accidents resulting from such frightened horses.

Sec. 3. Any person convicted of a violation of either section of this ordinance shall be fined not exceeding ten dollars.

Sec. 4. This ordinance shall take effect on its passage.

Approved. HARRY W. DANIELL, *Mayor*.

Passed April 9, 1902.

In the year of our Lord one thousand nine hundred and four.

An ordinance relating to billiard, pool and lunch rooms.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. No owner or manager of a public pool or billiard room shall allow his pool or billiard tables to be used after ten o'clock at night.

Sec. 2. Any person violating this provision shall be punished by a fine of ten dollars.

Sec. 3. No keeper of any eating place, lunch counter or room shall keep his place open after eleven o'clock at night.

Approved. ISAAC N. BLODGETT, *Mayor*

Passed March 7, 1904.

In the year of our Lord one thousand nine hundred and four.

An ordinance relating to injury to the highways and other city property.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. No person shall with any trenching tool or machine displace the surface of any highway within the city boundaries without permission from the Council or from the chief of the highway department, as the case may be.

Sec. 2. No person shall erect, raise or place any sign, bill-board or other obstruction on or within any highway nor shall any such person erect, raise, place or affix sign, bill-board or advertisement on any lands of the city or any building thereon without consent previously

obtained from the Council or head of the appropriate department.

Sec. 3. Any person violating any provisions of this ordinance shall be fined ten dollars for each and every offense.

Approved. ISAAC N. BLODGETT, *Mayor*.
Passed May 2, 1904.

An ordinance relating to pawnbrokers.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. No person shall carry on the business of a pawnbroker, within the City of Franklin unless he is duly licensed therefor by the Board of Mayor and Council. Said Board of Mayor and Council shall, upon application, issue licenses to do business as pawnbrokers to such persons as said Board deem proper; and such licenses shall be for one year from their issue, but may be revoked at any time by said Board of Mayor and Council whenever in their opinion the public good requires. Such licenses shall designate the place where the person licensed may carry on his business, and he shall not carry on the business at any other place within the city; and the fee for such license shall be ten dollars per year.

Sec. 2. Every person licensed as aforesaid shall keep a book or record at his place of business in which he shall enter in English at the time of receiving the same, a minute description of any article left for pawn, particularly mentioning any prominent or descriptive marks on the same, with the name, age and residence, giving the street and number, where possible, of the person from whom he received it, noting also the day and hour and the amount paid or loaned thereon; and such books or record, and the articles left for pawn, shall at all times be open to the inspection of the Chief of Police or any person authorized by him. No person licensed as aforesaid shall directly or indirectly receive any article in pawn from any minor, knowing or having reasonable cause to believe him to be such, without the consent in writing of the parent or guardian of such minor. And all persons so licensed, when requested to do so by the Chief of Police, shall make a daily statement to him of the articles left with them for pawn.

Sec. 3. If any person shall do business as a pawn-

broker without obtaining such license, or if any person licensed as aforesaid shall violate the other provisions of this ordinance, or any of them, he shall be punished therefor by a fine not exceeding ten dollars for each offense.

Sec. 4. This ordinance shall take effect upon its passage.

Approved. GEORGE E. SHEPARD, *Mayor*.
Passed Nov. 6, 1905.

In the year of our Lord one thousand nine hundred and nine.

An ordinance relating to licenses for moving picture shows.

Be it ordained by the City Council of the City of Franklin as follows:

That the licenses for moving picture shows shall be one dollar per night and payable monthly in advance.

Approved. ENOS K. SAWYER, *Mayor*
Passed March 1, 1909.

In the year of our Lord one thousand nine hundred and nine.

An ordinance relating to the speed of automobiles and motor cycles.

Be it ordained by the City Council of the City of Franklin as follows:

No automobile or motor cycle shall be operated upon any public highway outside the business district or the compactly built sections of the city at a speed greater than twenty-five miles an hour, or within the business district or compactly built sections of the city at a speed greater than ten miles an hour.

All ordinances inconsistent with this ordinance are hereby repealed.

Approved. ENOS K. SAWYER, *Mayor*.
Passed May 17, 1909.

In the year of our Lord one thousand nine hunderd and nine.

An ordinance relating to the fence west of the Free Public Library.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. The sitting upon or leaning against the fence or rail extending west from the Free Public Library to the bridge across the Winnipiseogee River shall constitute a misdemeanor, and any person guilty of said offense shall be punished by a fine of not less than ten dollars.

Sec. 2. This ordinance shall take effect upon its passage.

Approved. ENOS K. SAWYER, *Mayor*.
Passed July 6, 1909.

An ordinance in relation to street signs, awnings and trees.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. No person shall place or establish any awning or shade before his, her, or their place of business or dwelling house over any part of any street or sidewalk, unless the same shall be composed of cloth and safely fixed and supported by strong iron rods or railings, so as in no wise to incommode passengers, and so that the lowest part of such awning or shades shall be at least seven feet in height above the sidewalk; nor shall any sign or any other fixture or construction be placed on, over, or across any part of any street or sidewalk. Nor shall any person encumber the street or sidewalk before his place of business, or elsewhere with any boxes, or merchandise.

Sec. 2. It shall be the duty of the chief engineer to cause to be removed all awnings, shades, signs, or other fixtures or constructions, constructed otherwise than as provided above.

Sec. 3. No person shall allow the branch or branches of any shade, ornamental or other tree on his, her or their premises to extend over any street or sidewalk, unless the same shall be at least seven feet in height above the street or sidewalk.

Sec. 4. It shall be the duty of the tree warden to remove or cause to be removed the branch or branches of all shade ornamental or other trees projecting over any street or sidewalk if the same shall be less than seven feet in height above the street or sidewalk.

Sec. 5. Any person or persons violating the provisions of this ordinance shall be fined not exceeding ten dollars for each offense.

Approved.

ENOS K. SAWYER, *Mayor*.

Passed by the Council, October 3, 1910.

In the year of our Lord one thousand nine hundred and eleven.

An ordinance in relation to licensing dealers of junk.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. That all dealers in old metals, rubbers, rags or junk of any sort shall be licensed. The said license shall be issued by the City Clerk upon recommendation of the Mayor. The cost of said license shall be ten (10) dollars per annum, dating from April 1, for the year ensuing.

Sec. 2. That no dealer shall buy of any minor, under fifteen years of age, any old metals, rubber, rags or junk of any sort, without written consent of their parents or guardian.

Sec. 3. Any person convicted of violating the provisions of sections 1 and 2 of this ordinance shall be fined a sum not exceeding twenty (20) dollars for each offense.

Sec. 4. All ordinances and parts of ordinances inconsistent herewith are hereby repealed and this ordinance shall take effect upon its passage.

Approved.

SETH W. JONES, *Mayor*.

Passed December 4, 1911.

In the year of our Lord one thousand nine hundred and thirteen.

An ordinance relating to the storage of gunpowder, dynamite and other explosives.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. It shall be unlawful for any person, firm,

association or corporation to store, deposit or keep for sale any gunpowder, dynamite, or other explosive in a quantity in excess of twenty-five pounds, on any land owned, occupied or controlled by the City of Franklin, or in any building or structure within the city boundaries, if said building or structure is within a distance of eight hundred feet of any dwelling, occupied building, railroad, or public highway.

Sec. 2. Any person, firm, association or corporation violating the provisions of this ordinance shall forfeit a sum not more than ten dollars for every day that gunpowder, dynamite or other explosive shall be so kept.

Sec. 3. This ordinance shall take effect October 1, 1913.

Approved. WILLIAM W. EDWARDS, Mayor.

Passed September 8, 1913.

In the year of our Lord, one thousand nine hundred and fourteen.

An ordinance relating to the city ambulance.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. The ambulance recently given to the City of Franklin shall be maintained by it at all times and shall be under the direct control of the City Council of said city.

Section 2. Said ambulance shall be for the free use of any citizen of said Franklin and shall be subject to call by any city official, authorities of the Franklin City Hospital, any resident physician of said city, and of any other person in case of emergency.

Section 3. Whenever said ambulance is called for use in any town adjoining the City of Franklin, the use of same shall be paid for by the party calling for same or by the person in whose behalf same was called. Before said ambulance shall be taken out of said city, a request for same shall be filed with the City Clerk of said city, who shall notify the Mayor of said city and his consent obtained for such purpose as same is desired.

Approved.

W. W. EDWARDS, Mayor.

Passed August 3, 1914.

In the year of our Lord, one thousand nine hundred and fourteen.

An ordinance relating to the inspection, sale and care of milk, skim-milk and cream, and the premises connected therewith.

Be it ordained by the City Council of the City of Franklin as follows:

Section 1. That the provisions of Chapter 127 of the Public Statutes, as amended by Chapter 107 of the Session Laws of 1901, relating to the inspection of milk, and amendments thereto, are hereby adopted, to be in force in the City of Franklin.

Section 2. The condition under which every cow is kept whose milk is sold or exposed for sale in the City of Franklin shall be made known to the board of health, if said board shall deem it necessary.

Section 3. No milk shall be sold or offered for sale unless the cow is free from disease and said board of health or any inspector appointed by said board may at any time examine any cow and the premises where same is kept.

Section 4. No milk shall be sold, offered for sale, or distributed in the City of Franklin which was drawn from cows within thirty days before or five days after parturition.

Section 5. No milk kept for sale or distribution shall be stored, strained, cooled or mixed in any barn or room used in whole or in part for sleeping purposes or for the stabling of horses, cows, or other animals or for the storage of manure, offal or other offensive matter.

Section 6. All rooms in which milk is stored, strained, cooled or mixed shall be kept constantly clean, and provision made for the exclusion of dust and flies, to the satisfaction of the board of health. Proper apparatus shall be provided for washing and sterilizing all utensils used in handling milk and such utensils shall be washed with boiling water or sterilized by steam after being so used.

Section 7. No urinal, water closet or privy shall be located in the rooms mentioned in the preceding sections or so situated as to pollute the atmosphere of said rooms.

Section 8. All milk produced for the purpose of sale

shall be strained and cooled as soon as it is drawn from the cow.

Section 9. No person, firm, association or corporation shall sell or offer, expose or keep for sale, in any vehicle, shop, store or other place where goods and merchandise are sold, milk, skim-milk or cream, unless the same is sold, or offered, exposed or kept for sale, in tightly closed or capped bottles or receptacles which have been approved by the board of health of said city.

Section 10. Milk kept for sale shall at all times register on test a temperature not higher than 55 degrees Fahrenheit, and shall be stored in a covered cooler, box or refrigerator.

Section 11. All cans, bottles or other vessels of any kind used in the sale and handling of milk shall be cleaned and sterilized before they are used again for the same purpose. No bottles or other vessels shall be filled except at the dairy or creamery.

Section 12. No one shall use a milk vessel as a container for any substance other than milk.

Section 13. All wagons, sleighs or any other vehicles used in conveying milk, cream or skim-milk for distribution or sale or collecting from raisers, shall be covered or kept in a clean condition, free from odors, and swill or any other refuse or decaying vegetable or animal matter shall not be carried on said wagon, sleigh or other vehicle.

Section 14. Immediately on the occurrence of any case or cases of infectious or contagious disease, either in himself or in his family, or among his or its employees or their immediate associates, or within the building or premises where milk is stored, sold or distributed, the proprietor or manager shall notify the board of health, and at the the same time shall suspend the sale of milk or cream, until authorized to resume the same by the board of health of said Franklin.

Section 15. No person having an infectious or contagious disease, or having recently been in contact with a person having an infectious or contagious disease shall milk or handle cows, measures or other vessels used for milk intended for sale, or in any way take part or assist in handling milk intended for sale until all danger of communicating such disease to other persons shall have

passed, and so certified to by the board of health.

Section 16. No vessels which have been handled by persons suffering from an infectious or contagious disease shall be used to hold or convey milk until they have been thoroughly sterilized.

Section 17. No bottle, vessel or receptacle used for the reception or storage of milk shall be removed from a private house, apartment or tenement wherein a person has an infectious or contagious disease except by consent of the board of health.

Section 18. No person, by himself, or by his servant or agent or as the servant or agent of any other person, firm, association or corporation shall bring into the City of Franklin for the purpose of sale, exchange or delivery, or sell, exchange or deliver any milk, skimmed milk or cream which contains more than 500,000 bacteria per cubic centimeter, or which has a temperature higher than 55 degrees Fahrenheit.

Section 19. The board of health shall keep a record of all inspections made under or by virtue of this ordinance and of the results of such inspections; and shall make a report each month to the City Council showing all inspections made, and the results of such inspections during the preceding month.

Section 20. The board of health of the City of Franklin shall make such order, rule or regulation as it may deem necessary for the compliance with the terms and spirit of this ordinance, and may appoint an inspector whose duties shall be to cause the enforcement of the provisions of this ordinance, and whose salary or compensation shall be fixed and determined by the City Council of said Franklin.

Section 21. Any person, firm, association or corporation, who shall violate or cause to be violated, by agent or otherwise, any provision of this ordinance, or any order, rule or regulation, made by the board of health under the authority of this ordinance, shall upon conviction thereof, before any court of competent jurisdiction be fined the sum of ten dollars, with costs of prosecution, for each offense, except in cases where the punishment is provided by the laws of the State of New Hampshire or the United States, in which cases the penalty so prescribed shall be imposed.

Section 22. This ordinance shall take effect June 1, 1914.

Approved. W. W. EDWARDS, Mayor.
Passed May 4, 1914.

In the Year of our Lord one thousand nine hundred and fifteen.

An ordinance relating to the regulating of street traffic.

Be it ordained by the City Council of the City of Franklin, as follows:

Section 1. The word "vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, tricycles propelled by hand, and everything on wheels or runners except light carriages for the conveyance of children.

Section 2. The word "horse" herein shall include all domestic animals.

Section 3. The word "driver" herein shall include the rider or driver of a horse, the rider of wheels and the operator of a motor vehicle.

Section 4. No person shall drive or operate any motor vehicle upon any highway of the city unless he be licensed so to do and said motor vehicle be registered as required by law.

Section 5. Drivers of all vehicles of every description shall keep to the right hand of the center of the streets, and in the compact part of the city shall drive at a rate of speed that is safe and reasonable.

Section 6. No vehicle shall stop with its left side to the curb on Central Street between the Republican Bridge, so called, and the Sanborn Bridge, so called, or on Main Street between the Kenrick residence and Brown's Hill, so called, or on Franklin Street between Central Street and School Street.

Section 7. When a horse drawn vehicle is backed up to the curb, the horse or horses shall be turned so as to stand as nearly parallel with the sidewalk as possible and they shall be headed in the general direction of travel for the side of the street on which the vehicle is standing.

Section 8. Unless in an emergency or to allow another vehicle to cross its path, no vehicle shall stop in any public street or highway of this city except close to the curb line.

Section 9. (Extract from Motor Vehicle Law, Laws, 1911, Chapter 133, section 12.) Upon approaching any intersecting way or a curve or corner in a way every person operating a motor vehicle shall slow down and give timely signal, with his bell, horn or other device for signalling; provided, that in the thickly settled parts of a city or town, no bell, horn or other device for signalling shall be sounded so as to make an unreasonable noise, except in the case of fire and police department vehicles; and provided further, that no operator or chauffeur of any motor vehicle shall in any way permit any unreasonable amount of smoke to escape from said motor vehicle, nor shall any operator or chauffeur in any way permit said motor vehicle to make any unnecessary noise, by cutting out the muffler, or otherwise.

Section 10. No vehicle shall be allowed to stand within five feet of a fire hydrant.

Section 11. A vehicle turning to the left into another street shall pass to the right of and beyond the street's intersection before turning.

Section 12. A vehicle crossing from one side of the street to the other shall do so by turning to the left so as to head in the same direction as the traffic on that side of the street and shall not make the turn at a street intersection.

Section 13. Every driver of a vehicle shall, in slowing up or stopping, give a signal to those behind by raising a whip or hand vertically.

Section 14. In turning while in motion or in starting to turn from a standstill, a signal shall be given by the driver of the vehicle about to be turned by raising a whip or hand indicating the direction in which the turn is to be made.

Section 15. Vehicles must stop so as not to interfere with or prevent the passage of pedestrians at crossings.

Section 16. Except as otherwise provided in the Motor Vehicle Law of the state, any person violating any of the provisions herein contained shall be liable to a penalty of ten dollars.

Section 17. It shall be the duty of the City Marshal, night watchman and police officers of the city to enforce

all automobile laws and highway laws relating to travel thereon of the state, and to enforce the provisions of this ordinance by prosecutions for all violations.

Section 18. All ordinances inconsistent herewith are hereby repealed, and this ordinance shall take effect upon its passage.

Approved,

D. E. DAVIS, *Mayor*.

Passed July 12, 1915.

In the Year of our Lord one thousand nine hundred and fifteen.

An Ordinance relating to trust funds and the election of trustees.

Be it Ordained by the City Council of the City of Franklin as follows:

Section 1. That in accordance with the provisions of Chapter 162 of the laws of 1915, a board of three trustees is hereby created to hold all trust funds given to the City of Franklin for the purposes set forth in said Chapter 162 and amendments thereto, and said trustees shall be elected by ballot at the September meeting, 1915, of the City Council, one for one year, one for two years, and one for three years, and annually thereafter one shall be elected for three years.

Section 2. That the duties and salaries of said trustees shall be such as are provided for by said Chapter 162 and amendments thereto.

Section 3. This ordinance shall take effect upon its passage, and all ordinances and parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed, and all offices created by the City of Franklin for the purpose of holding trust funds given to said City of Franklin are hereby terminated.

Approved,

D. E. DAVIS, *Mayor*.

Passed September 13, 1915.

Attest,

IRVING V. GOSS, *City Clerk*.

In the Year of our Lord, One Thousand Nine Hundred and Sixteen.

An ordinance relating to the collection of Garbage.

Be it ordained by the City Council of the City of Franklin, as follows:

Section 1. The collection of garbage by the highway

department of the city shall be made at the times and under the conditions herein set forth, and in no other manner.

Section 2. Weekly collections will be made each Saturday starting at seven a. m. at the Daniell bridge on Central Street and continuing Easterly to the Sanborn bridge, including Smith, Canal and Memorial Streets, and Franklin Street Southerly from Central Street to Ayles Court. Commencing at ten a. m. on each Saturday, collections will be made on Main Street.

Section 3. That on the first Tuesday of each month collections will be made on Willow Hill, Bow Street, Glenwood Avenue, River Street, Terrace Street and Ward 1; on Wednesday following, collections will be made on Franklin Street and all streets Westerly to River Street, and on Myrtle, Pleasant, Oak, Orchard, Pine and Beech Streets, Highland and Elm Avenues; and on Thursday, collections will be made on Prospect Street and all streets between Prospect and Franklin Streets.

Section 4. It shall be the duty of all persons residing within the limits hereinbefore set forth who desire to have garbage or refuse matter removed by the city to place same in suitable receptacles that can be handled by two men, carefully separating all papers, tins, bottles and other materials from ashes, and placing them in separate receptacles. No garbage or refuse of any kind shall be put into the highway, unless placed in receptacles, and all receptacles shall be placed on the outer edge of the sidewalk a reasonable period in advance of the time specified for collections.

Section 5. This ordinance shall take effect upon its passage.

Approved.

A. A. BEATON, *Mayor*.

Passed March 6, 1916.

In the Year of our Lord, One Thousand Nine Hundred and Sixteen.

An ordinance relating to the City Solicitor.

Be it ordained by the City Council of the City of Franklin, as follows:

Section 1. The city council shall annually elect a city solicitor who shall serve until his successor is elected, subject to removal or discharge by the city council.

Section 2. It shall be the duty of the city solicitor to act as counsel for the city in all matters civil or criminal, in

which the city is interested, which shall include counsel and legal services to all officers or agents of the city or Ward officers in all matters pertaining to, or arising from the performance of their duties as such officers. He shall not act as counsel for the respondent in any criminal case which it may be the duty of the city to investigate or prosecute; or for any other party in a civil case in which the city is interested and in which said party's interests may be adverse to the interests of the city.

Section 3. The city council or the Mayor may employ additional counsel whenever they think it advisable.

Section 4. The salary of the city solicitor shall be two hundred dollars per year, payable semi-annually.

Approved.

A. A. BEATON, *Mayor*.

Passed April 3, 1916.

In the Year of our Lord, One Thousand Nine Hundred and Sixteen.

An ordinance relating to the removal of buildings.

Be it enacted by the City Council of the City of Franklin, as follows:

Section 1. That no building or buildings in the city shall be moved through the highways until the person or persons proposing to move said building or buildings shall have first filed with the city council a written petition setting forth the present location of same together with its dimensions, the proposed location and the estimated cost of removal of wires, cutting of trees, and the estimated length of time required for moving of same.

Section 2. That said petition shall be read a first time for the information of the city council, duly referred to an appropriate committee, who shall give notice to such parties as may in any way be affected by the moving of said building, and report in writing their recommendations to the city council at its next regular meeting.

Section 3. If the city council shall grant such petition, the work shall be done under the direction of the highway commissioner and a written permit shall be issued by the Mayor and city clerk specifying the dates when the moving shall be commenced and completed, provided, however, such permit shall not be issued until the petitioner or petitioners shall have filed with the city council a good and

sufficient bond to indemnify the city for any and all damages that the city might be held responsible for in connection with the moving of such building.

Section 4. All ordinances or parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed and this ordinance shall take effect upon its passage.

Approved.

A. A. BEATON, *Mayor*.

Passed Dec. 5, 1916.

In the Year of our Lord, One Thousand Nine Hundred and Sixteen.

An ordinance relating to the establishment of street boundaries.

Be it enacted by the City Council of the City of Franklin, as follows:

Section 1. The boundaries of all streets, intersections and angles shall be established by the erection of stone or other suitable mark or monument under the direction of the highway committee, and if any person shall deface, alter, or remove any mark, monument or boundaries established by the city, he shall be fined not less than ten dollars for each offence.

Section 2. No person, firm, association or corporation shall commence the erection of any building, wall, fence or other structure of any kind or description on or near the line of any street or highway in the city without first having obtained from the city a description of the location of such street or highway, together with its established line and grade, said description to be furnished by the city and certified to by the city clerk.

Section 3. This ordinance shall take effect upon its passage.

Approved.

A. A. BEATON, *Mayor*.

Passed Dec. 5, 1916.

In the Year of our Lord, One Thousand Nine Hundred and Sixteen.

An ordinance relating to the duties of the City Physician.

Be it ordained by the City Council of the City of Franklin, as follows:

Section 1. The city physician shall attend, under gen-

eral direction of the overseer of the poor, upon all sick paupers and patients, under the care of the city authorities. Whenever there is an epidemic of contagious or infectious diseases, or whenever contagious or infectious diseases exist which necessitate the establishment of quarantine or demand the aid, assistance, attention of control of the municipal authorities it shall be the duty of the city physician to attend upon all persons who may be afflicted with such contagious or infectious disease under the direction of the board of health.

Section 2. The city physician shall have no power to bind the city to pay for the assistance or service of any other physician or any bill whatever, except in case of emergency or when authorized in writing to do so by the mayor.

Section 3. In case of an alarm of any infectious or contagious disease to give the city council, or any committee thereof, all such professional advice and counsel as they may request of him; to vaccinate all scholars of the public schools that may be sent to him therefor by the school committee and generally to perform such other professional service, as may be reasonably required of him by the city council.

Section 4. This ordinance shall take effect upon its passage.

Approved.

A. A. BEATON, *Mayor*.

Passed December 5, 1916.

Report of Committee on Street Lighting Relating to Poles and Wires of Telephone and Other Companies.

To the Mayor and City Council of Franklin:

The Committee on Street Lighting to whom was referred the subject matter, relating to the wires and poles of telephone and other companies, having considered the same herewith file their report and recommend that the same be adopted, to wit:

1. That poles of every kind and description and all overhead wires of telephone or other companies on Central Street, between the Daniell bridge, so called, and the Sanborn bridge, so called, shall be removed on or before July 1st, 1916, and that all wires between said points on Central Street shall hereafter be placed under ground, in accordance with such rules and regulations as shall be prescribed by the highway committee of said Franklin, with adequate provision made for installing by the city of such wires in the future as may be necessary for municipal purposes.

2. That the regulations now in force in said city relative to the erection of square poles by telephone and other companies, as adopted by said city, May 13, 1901, be and the same are hereby revoked as of July 1st, 1916, and that telephone and other companies on and after July 1st, 1916, may erect round, straight and painted poles on any street in said Franklin, other than on Central Street between Daniell bridge, so called, and Sanborn bridge, so called, provided, such poles proposed to be erected and the location of the same, shall first meet with the written approval of the highway committee, said written approval to be filed with the City Clerk of said Franklin.

3. That the maintenance of United States Mail boxes and fire alarm boxes are exempt from the provisions of the regulations hereinbefore set forth.

4. That this report shall be printed annually in the City Reports.

Respectfully submitted,

JOSEPH M. LORDEN,

ALVIN C. GILMAN,

P. J. CUNNINGHAM,

Committee on Street Lighting

Approved,

D. E. DAVIS, Mayor.

Adopted December 6, 1915.

"DANIELL SCHOLARSHIP."

In the year of our Lord one thousand nine hundred and fourteen.

A resolution relating to the "Daniell Scholarship."

Resolved by the City Council of the City of Franklin as follows:

Whereas, Jere R. Daniell of New London, Connecticut, on the second day of April, 1914, by his written communication of that date, addressed to the Mayor and Council of the City of Franklin, expressed his intention of establishing a free scholarship for graduates of the Franklin High School to the Massachusetts Institute of Technology, in memory of his father, the late Warren F. Daniell, and to be known as the "Daniell Scholarship," and together with his letter of the 16th of May, 1914, in which he agreed to give the sum of two hundred and fifty dollars each and every year, hereafter, beginning September 1st, 1914, to cover the costs of tuition for one student for four years in any one of the courses described in the catalogue of the Institute, and,

That a student to be awarded this scholarship, in whole or in part, must comply with the following named conditions:

First. He must have completed four years' satisfactory work at the Franklin High School.

Second. His parents or parent must reside in Franklin and be unable without undue deprivation, to pay the tuition required themselves.

Third. He must show during his four years' work at the High school, marked ability in some one of the several subjects covered by the Institute courses.

In case several candidates present themselves in any one year, the scholarship will be awarded by competition in the entrance examinations for the Institute. The candidate entering with highest standing to receive the award.

A holder of the scholarship will be expected to maintain the same standard of work at the Institute as that required of holders of regular Insti-

tute scholarships and the scholarship will be withdrawn in case the work is unsatisfactory.

The right is reserved to divide the amount of the scholarship among several applicants should such action seem desirable.

Be it resolved, That the City of Franklin fully appreciates the spirit that prompted Mr. Daniell to establish this scholarship for the benefit of the young men of said city, thereby creating an additional incentive for higher educational advantages in those who through misfortune or adversity would otherwise be prevented from obtaining the same; and,

Be it further resolved, That said City willingly accepts said trust, and does hereby direct that the annual payment of the sum of two hundred and fifty dollars shall be made to the City Treasurer, who shall pay the annual tuition of said student or students upon the presentation of the bill for same by the Bureau of the Institute, and,

Be it further resolved, That a permanent Committee on Scholarship shall be established to consist of the Chairman of the Board of Education, the Superintendent of Schools and the Principal of the High School of said City of Franklin, and,

Be it further resolved, That this resolution shall annually be printed in the reports of said city.

Approved.

W. W. EDWARDS, *Mayor*.

Passed June 1, 1914.

VITAL STATISTICS

VITAL STATISTICS
